SCHOOL OF EDUCATION
Health, Physical Education, Recreation and Dance

SPORTS MANAGEMENT STATUS SHEET
SPORTS MEDICINE (124 CREDITS)

Students choosing the Sports Medicine concentration will study the basic concepts, theories, and organization of management as applied to the field of sports medicine. Topics emphasized include organizational structure and function, program development and administration, human resource management, financial management, inventory control, information management, insurance issues, and legal considerations in sports medicine. Students will also show knowledge of modalities including the physiological effects, rationale, principles and methods of applying physical agents, therapeutic exercises and evaluation and treatment planning in the practice of sports medicine.
