Session Schedule and Descriptions

Break-Out Session 1 HHSB 202

9:40am to 10:20 am

Blackboard 101: The Basics

Understand the basics of Blackboard -- including uploading content, posting announcements, and adding information -- and best practices for using Blackboard.

10:30am to 11:10am

Making PowerPoint Presentations and Learning Interactive with Clickers

Learn how to use clickers where students can respond live to questions that are embedded in your PowerPoint presentation. Assess students, before, during, and after lesson activities.

11:20am to 12noon

Keeping Up with Your Grading: A Look at the Blackboard Grade Center

Learn about the ins-and-outs of using the Grade Center in Blackboard, including grading assignments, calculating points, and adding manual columns

Break-Out Session 2

HHSB 203

9:40am to 10:20am

Infinite Possibilities with Tegrity

Learn how to record a class lecture, stream a class live via the Internet, have students do their own recordings, and recording from a mobile device.

10:30am to 11:10am

Technologies to Support Student Retention

Learn how to send Early Alerts in EagleLINKS, the Retention Center and Analytics in Blackboard.

11:20am-12noon

Web 2.0, Social Media, and Mobile Apps for Teaching and Learning

Understand different tools and techniques to make your teaching and learning explosive!

12noon-1pm (Optional)

Meet and Greet with Instructional Technology Staff/Open Lab Time
