

COPPIN STATE UNIVERSITY

Nurturing Potential . . . Transforming Lives

**Preliminary
Opening Fall 2010 Enrollment**

**Office of Institutional Research
September, 2010**

Introduction

Information for this report is drawn from the University PeopleSoft student system files, built from the daily transactions that represent the campus's official actions with respect to fall 2010 student enrollment. It represents official fall 2010 enrollment reported to University System of Maryland, Maryland Higher Education Commission and the U.S. Department of Education.

Enrollment activity is ongoing, but a "freeze or snapshot" of the data is taken as of the end of the fourteenth calendar day. Fall 2010 "frozen" data were captured on September 17, 2010. The frozen file was cleaned, processed, tested, and verified before they are put into table form for publication by the Office of Institutional Research (OIR).

For this *Preliminary Opening Enrollment* publication, we report aggregate enrollment activity as a whole by attendance status, gender, and residency within student level from fall 1999 to fall 2010 and the highlights are as follow:

Enrollment Highlights:

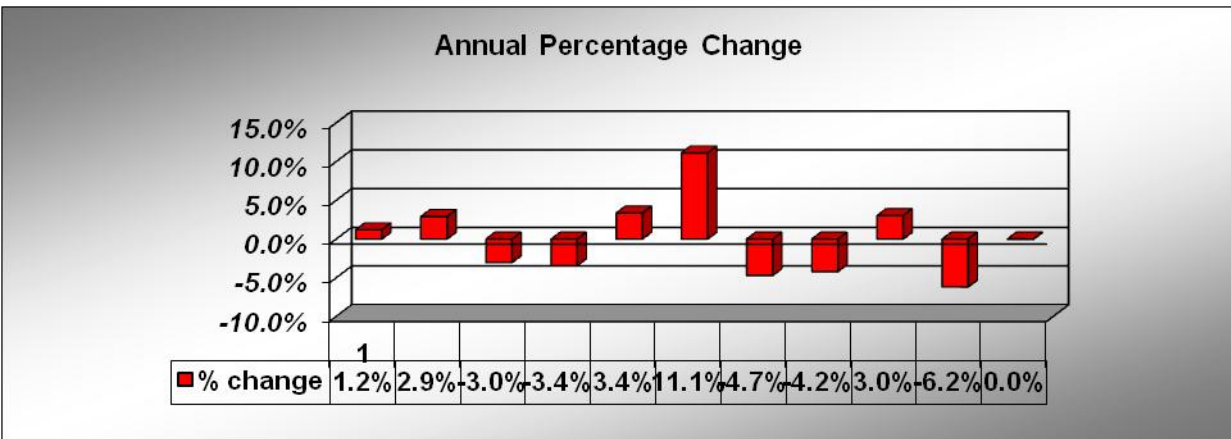

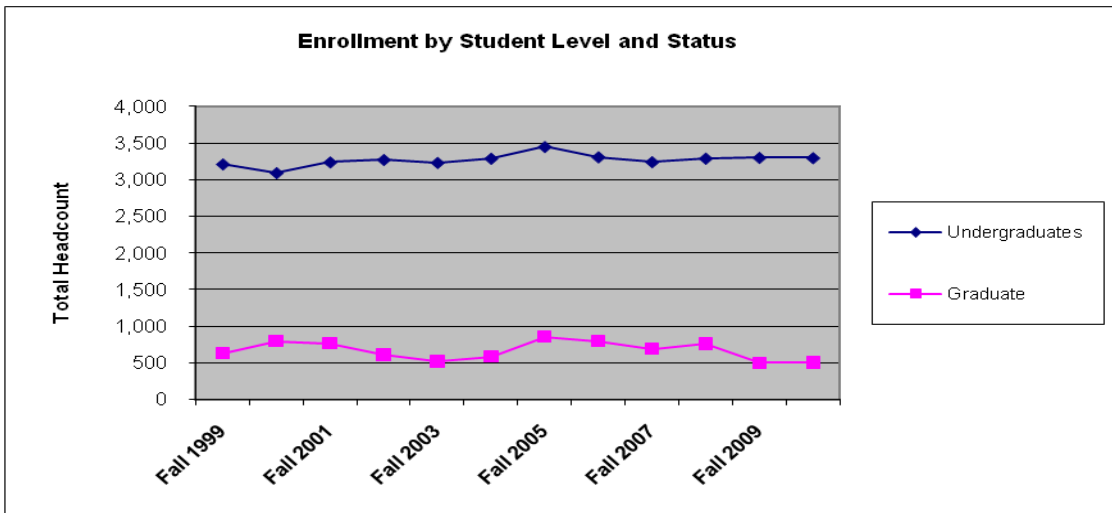

- Fall 2010 student headcount mirrors fall 2009. Total student headcount for fall 2010 was 3,800 compared to 3,801 last year.
- The number of undergraduates remained flat—3,298 in fall 2010 vs. 3,301 in fall 2009. The number of full-time undergraduates increased by 0.9%, from 2,575 in 2009 to 2,599 in 2010. However, the number of part-time undergraduates declined by 3.7%, from 726 in 2009 to 699 in 2010. (Table 1).
- Graduate students enrollment also remained flat compared to last year. The number of full-time graduate students decreased by 8, and the number of part-time graduate students increased by 10, resulting in 502 graduate students (Table 1).
- Full-time equivalent (FTE) student majors (total credits divided by 15 for undergraduates and 12 for graduate students) increased slightly by 1.2% (36), from 3,110 in fall 2009 to 3,146 in fall 2010 (Table 2). The FTE increase is attributable to increase in undergraduate full-time students.
- Enrollment by gender and resident status remained flat (Table 3 and Table 4).
- For the second year in a row, first-time freshmen enrollment declined by 6.4%, from 612 students in fall 2009 to 573 students in fall 2010 (Table 5). The profile of the full-time, first-time freshmen is provided below.

Fall 2010 First-Time Full-Time Freshmen Profile

- A total of 525 first-time full-time freshmen were enrolled in fall 2010, down by 40 students from last year.
- Females outnumbered males making up 71% of the total.
- In fall 2010 first-time full-time freshmen consisted mostly of students under the age of 20 at 75%.
- Eighty percent first-time full-time freshmen are in-state resident, 18% are out-of-state, and 2% are international students.
- The average high school GPA for first-time full-time freshmen was 2.63 compared to 2.72 recorded for the freshmen class of 2009.
- Approximately 27% of first-time full-time freshmen reported high school grade point averages (GPA) equal or exceeding 3.00. Twenty percent (20%) indicated a high school GPA that fell between 3.00 and 3.49, while 7% reported a GPA of 3.50 or higher.
- The average combined SAT score among first-time full-time freshmen (863) a decline of 12 points compared to fall 2009 first-time full-time freshmen.
- Approximately 25% of the first-time full-time freshmen did not declare a major. The most popular programs among freshmen with a major are Nursing, Criminal Justice, Sports Management, Applied Psychology, Biology and Management Science.
