

Coppin State University is pleased to announce the following payment option that will make your tuition payment a breeze. You can conveniently pay online, anytime by check or credit card (which carries a small convenience fee).

TuitionPay plan:

This plan administered by SallieMae Business Office Solutions will allow you to:

- Pay tuition in monthly installments, rather than one lump sum;
- Save on interest charges by reducing the need to borrow ;
- Access your personal account and help of knowledgeable financial consultants; and
- To enroll or make an installment plan payment, please go to <https://tuitionpay.salliemae.com/tuitionpay/enroll/enrollstep1.aspx> or call SallieMae office today at **(800) 635-0120** and a financial consultant will answer your questions and assist you with enrollment or the payment.

Other benefit includes tuition payment protection coverage for the bill payer which is included at no extra cost.

(Please be advised that the EagleLINKS TuitionPay plan for Fall begins with the 1st payment due on July 20th and on 20th of each month thereafter.

If you enroll in the payment plan after July 20th, then you will have to make up the missed monthly payments. For example, if you enroll in August, then your 1st payment will include missed payment for July and August payment.

If enrolled in an annual plan, you have to make a total of 10 monthly payments, and if you are enrolled in the Fall semester plan, depending upon your enrollment date, you will have to make 3 - 5 monthly payments.

In either situation, you MUST enroll by bill due date to avoid additional charges or cancellation of enrollment. Coppin State University encourages you to enroll in the EagleLINKS TuitionPayPlan.)
