IMPORTANT INFORMATION REGARDING PETITIONS

- The petition deadline is the first day of classes for the term/session for which you are seeking in-state status.
- Read the document carefully and complete all sections of the petition that apply to you. Failure to complete all applicable sections of the petition may result in a denial of in-state status.
- Only one petition may be filed per semester.
- No requests are accepted for retroactive changes.
- No materials or documentation will be returned after the petition is submitted.
- The review of the petition and an initial determination of the status may take as long as six (6) weeks, not including subsequent appeals. You will be responsible for all late fees and finance charges accrued during the entire process.
- If claiming dependence, the person upon whom the student is dependent must have his/her signature notarized.
- Affidavits are accepted if they must be typed, dated, notarized, and contain information as specific as possible including dates, addresses, amounts, etc.
- Please note: Graduate Assistants who were admitted as out-of-state students are assessed tuition at the in-state rate, only as a benefit of their employment. All out-of-state graduate assistants who have met all residency requirements and wish to change their status to in-state must file the petition.
Section 1: Student Information
This section must be completed by all student petitioners for in-state status.

Section 2: Basis for claiming In-State Status
This section must also be completed by all student petitioners for in-state status. It is recommended that you again read the residency policy. Please pay particular attention to the definitions of financial independence, dependence, and support. The student petitioner must complete all sections of the petition regardless of dependence status.

Section 3: Income and Expense Information for Student
This section must be completed by all students who indicated either A or B in Section 2, p.4. Please be sure to include with your petition documentation for all sources of funds you list in this section. Any undocumented sources of funds cannot be considered. In most cases, acceptable forms of documentation are W-2 forms, check stubs showing year-to-date income, financial aid award letters, employer confirmation of employment dates and income on employer letterhead, and employment contracts. The evidence should document any Maryland employment and earnings history through sources beyond those incident to enrollment as a student in an educational institution e.g., beyond support provided by work study, scholarships, grants, stipends, aid, student loans, etc. Note: Tuition costs will be considered as a student expense only to the extent tuition exceeds the amount of any educational scholarships, grants, student loans, etc. The purpose of this section is to aid the University in determining financial dependence or financial independence.

If you are seeking to demonstrate you are NOT financially dependant upon another individual, you must provide information on your finances for twelve (12) consecutive months. For example, if you are filing a petition for the fall semester, the last day of late registration usually occurs in August. Therefore, the twelve (12) months prior to that date will be the period reviewed. If you have filed a petition prior to the deadline, you may estimate future income; however, you must be able to explain the basis for your estimate. If you are uncertain about your exact expenses, please carefully estimate. Your figures regarding rent/mortgage, tuition and fees, utilities, and motor vehicle insurance should be exact; however, if exact figures are not available, please provide an explanation. Please list all employers for the past two (2) years, with specific dates of employment.

Section 4: Student Residency Information
The student petitioner must complete Section 4, p.7. Please make sure to attach photocopies of all requested documents. Students must complete this section even if claiming financial dependency upon another resident of the State of Maryland.

Section 5: Residency Information for Person Upon Whom Student is Financially Dependent
Students who are financially dependant on another person must have that person complete Section 5, p.8. Please make sure to attach photocopies of all requested documents. Financially independent students should NOT complete this section of the petition.

Section 6: Information Pertaining to Full-Time Member of the Armed Forces of the United States
Please review the residency policy before completing this section. (Coppin State Residency Policy).
Section 7: Rebuttal Evidence

Satisfying the requirements listed in paragraphs A through I of Section II of Coppin State University Residency Policy does not rebut the presumption that a student is in Maryland primarily to attend an educational institution. To overcome the presumption, a student must present additional evidence. To determine a student's intent, the University will evaluate evidence of a student's objectively verifiable conduct. Evidence that does not document a period of at least twelve (12) consecutive months immediately prior to and including the last date available to register for courses in the semester/term for which the student seeks in-state tuition status is generally considered an unfavorable factor under this policy. Evidence of intent must be clear and convincing and will be evaluated not only by the amount presented but also based upon the reliability, authenticity, credibility and relevance of the evidence. The absence of objective, relevant evidence is generally considered an unfavorable factor. A student's statement of intent to remain in Maryland in the future is generally not considered to be objective evidence under this policy.

In addition to financial evidence documenting a student’s independent status, or dependence upon a Maryland resident, other evidence that may be considered includes, but is not limited to, substantial participation as a member of a professional, social, community, civic, political, athletic or religious organization in Maryland, including professionally related school activities that demonstrate a commitment to the student's community or to the State of Maryland; registration as a Maryland resident with the Selective Service, if male; evidence showing the student uses his or her Maryland address as his or her sole address of record for all purposes including on health and auto insurance records, bank accounts, tax records, loan and scholarship records, school records, military records, leases, etc.; an affidavit from a person unrelated to the student that provides objective, relevant evidence of a student's conduct demonstrating the student's intent to live permanently in Maryland.

Section 8: Affirmation of Petitioner and, if Dependent, of the Person Upon Whom Student is Financially Dependent.

The student petitioner must sign this section but a notarized signature is not required. A NOTARIZED signature is required of the person upon whom the student petitioner is financially dependent.
UNIVERSITY SYSTEM OF MARYLAND
PETITION FOR CHANGE IN CLASSIFICATION OF RESIDENCY

DIRECTIONS: This form is intended for use by those who seek a change in residency classification or by those whose status cannot be determined from the information submitted with the application for admission. THE DEADLINE for which conditions for in-state classification must be met is the published first day of classes for the semester for which in-state status is being sought. Only one petition for change in status may be filed per semester. All petitioners must complete Section 1 (Student Information), Section 2 (Basis for claiming in-state status), and Section 7 (Affirmation). Other sections to be completed are indicated in Section 2.
