The Campus Security Act, legal requirements

The Campus Security Act requires colleges and universities to:

- Publish an annual report every year by October 1 that contains three years of campus crime statistics and certain campus security policy statements;
- Disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain no-campus facilities and remote classrooms. The statistics must be gathered from campus police or security, local law enforcement, and other University officials who have “significant responsibility for student and campus activities;”
- Provide “timely warning” notices of those crimes that have occurred and pose an ongoing “threat to students and employees;” and
- Disclose in a public crime log “any crime that occurred on campus…or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department.”

The Coppin State University Department of Public Safety is responsible for preparing and distributing this report.

Reporting criminal incidents and other emergencies
All students, employees, and guests should promptly report criminal incidents, accidents, and other emergencies to the Department of Public Safety by dialing 911. Individuals also may report incidents in person at the department’s headquarters at 2500 West North Avenue.

The University has installed emergency two-way call boxes (blue light phones) throughout campus for use during emergencies. By pressing the red button on the stations, users can communicate directly with our Communications Center. The location of the station is digitally displayed to the Communications Officers.

Monitoring and recognizing criminal activity at off-campus organizations
The University relies on its close working relationships with local law enforcement agencies to receive information about incidents involving students on campus. The Department of Public Safety will actively investigate any crime information it receives concerning or involving a member of the campus community. If the University is notified of a situation in which a campus community member is the victim of a crime, the department may issue a Campus Safety Alert, detailing the incident and providing tips so that other community members may avoid similar incidents.

Access to campus facilities and dormitories
Access to campus buildings and grounds is a privilege extended to students, faculty, staff, and authorized guests. The University encourages an open environment with limited constraints to ensure the reasonable protection of all members of the community. Except for residence halls, most campus facilities are open during weekday business hours. Individuals who wish to access University buildings or property during non-business hours or for special events should contact the appropriate department administrator, Conference and Event Services, or Department of Public Safety.

Special procedures for residence hall access
All residence halls are equipped with an automated card access control system. Unlimited access is available to students and authorized staff and faculty via the system. Guests and other visitors may visit
residence halls as long as they have been authorized by a member of the community. The exterior doors to student residence halls remain locked for 24 hours a day.

In addition to the automated card access control system, all exterior doors in the residence halls are equipped with a centrally monitored electronic alarm system.

**Security considerations in the maintenance of campus facilities**

Coppin State University is committed to campus safety and security. Exterior lighting and landscape control is critical part of commitment. Representatives from various departments continually conduct security surveys to ensure campus lighting adequate and that the landscape is appropriately controlled. Department members conduct routine checks of lighting on campus during regularly assigned patrol duties. If lights are out or dim, officers will initiate an immediate work order, which is acted upon by a representative of the appropriate maintenance office, usually within the first 24 hours or next business day.

Maintenance staff is available to respond to calls for service regarding unsafe facility conditions or for personal safety and property conditions or for personal safety and property protection. These conditions also may include unsafe steps or handrails, unsafe roadways on campus, and unsecured equipment.

**Timely warning notices**

**Campus Safety Alerts**

To help prevent crimes or serious incidents, the Department of Public Safety, in conjunction with other departments on campus, issues Campus Safety Alerts in timely manner to notify community members about certain crimes in and around our community. Members of the community who know of a crime or other serious incident should report that incident as soon as possible to the Department of Public Safety so that a Campus Safety alert can be issued, if warranted.

If community members report crimes or serious incidents to other University administrators, those administrators will notify the Department of Public Safety. Representatives of these offices will promptly notify and collaborate with the Department of Public Safety to issue a Campus Safety Alert, if one is appropriate.

**Distribution of Campus Safety Alerts**

The department distributes Campus Safety Alerts in various ways. Once the University determines that an alert will be issued, the department e-mails the announcement and posts it on the Web site (www.coppin.edu/public_safety). The department also posts alerts on bulletin boards throughout campus.

**Daily Crime Log**

The Department of Public Safety maintains a Daily Crime Log that records, by the date the incident was reported, all crimes and other serious incidents that occur on campus, in a non-campus building or property, public property, or within the department’s patrol jurisdiction.

The Daily Crime Log includes the nature, date, time, and general location of each crime reported to the department, as well as the disposition of the complaint, if this information is known as the time log is created.

The department posts specific incidents in the Daily Crime Log within two business days if receiving a report of an incident and reserves the right to exclude reports from the log in certain circumstances.

**Crime prevention education and awareness**

Crime prevention is a top priority of the department. Together with other campus offices, the department provides programs to enhance personal safety, teach proactive crime-reduction strategies, and help community members develop self-esteem, which contributes to a healthy community.

The campus’s crime-prevention strategy rests on a proactive area patrol of the campus, crime prevention education and training, building and area security surveys, and property registration. This approach relies on the dual concepts of eliminating or minimizing criminal opportunities, whenever
possible, and encouraging community members to take responsibility of their own and other’s safety. Members of the department are available to assist any individual or group in planning, presenting, and coordinating programs of interest or concern. Listed to the right are some of the umbrella programs and services offered by the department.

**Operation Identification**
This nationally organized program encourages engraving personal identification numbers on valuable property. Thieves tend to shy away from property with engraved numbers due to the difficulty of selling it on the open market. If an item is stolen and later recovered, the identification number will assist law enforcement agents in returning it to its rightful owner.

**Crime prevention promotions, flyers, and other advertisements**
The department publishes a general crime prevention brochure that outlines the many crime prevention programs and strategies available in the community. In addition, the department periodically chooses a special topic to highlight in flyers and on the department’s Web site.

**Emergency blue light phones**
These two-way call boxes are located strategically around campus. They allow an individual in need of assistance to speak directly with a member of the department. The communications officer will dispatch the appropriate emergency response team to the caller.

**Campus Escort Program**

**Security surveys**
These surveys are conducted on a regular basis with other members of the University community, including members of the student government. The primary goal of these surveys is to identify areas of the campus that may present vulnerabilities to one’s safety. The department works with the appropriate facilities office to address concerns noted in the surveys.

**Coppin State University Alcohol policy**
Maryland State Law is enforced in all facilities and on the campus; Alcohol may not be possessed or consumed by anyone. No alcohol is allowed. This is a dry (non-alcoholic) campus.

**Campus Drug Policy**
The use, cultivation, manufacture, sale, distribution, and/or possession of drugs or controlled substances in violation of Federal, State, or Local law are prohibited by the University. This is a smoke-free campus. Smoking is not permitted in any facility. Students, employees, and visitors are prohibited from smoking tobacco, chewing tobacco, or using snuff, in any existing building.

**Policy Prohibiting Sexual Harassment and Procedures for Complaints of Sexual Harassment**

**President’s Statement**
One would hope that by this time in our society a document such as this would not be necessary; unfortunately, it is. In too many places, in too many offices, factories, and stores here in Baltimore, in Maryland, and across this country, women are still being discriminated against in hiring and promotion and still being harassed in the work place, still being forced to listen to someone’s poor idea of a joke or tolerate someone’s sexually suggestive remarks. But such behavior does not affect only women; men, too, may be and have been subjected to sexual harassment. Whoever is the recipient, the behavior is reprehensible in any work place, and it demeans the employer-employee relationship and degrades the worker seeking to find dignity in labor and reward for work done. In the University community, sexual
harassment corrupts the teacher-student relationship, the very essence of the institution’s being, and degrades the student intellectual growth in learning and recognition for academic achievement. Wherever it occurs, sexual harassment diminishes the human worth not only of the victim but also of the perpetrator. Let us all resolve to eliminate it from our lives both on and off this campus.

I. Introduction

Sexual harassment by any member of the University community is expressly prohibited. The Coppin State University – Policy Prohibiting Sexual Harassment, are available in each Departmental office, and on reserve at the University’s Library.

As set forth in the Policy, both informal and formal procedures for resolving a complaint of sexual harassment are available for use by employees, students, staff, faculty, and volunteers of Coppin State University. Students include, full, part-time and students who are currently enrolled at Coppin State University. For purposes of these procedures, the Complainant is the person filing the Complaint. The Respondent is the person who is accused of violating this policy.

II. Policy

Sexual harassment is a form of illegal gender discrimination. Sexual harassment is an infringement on an individual’s right to work and study in an environment free from unwanted sexual attention and sexual pressure of any kind. Sexual harassment by Coppin faculty, staff, and students is expressly prohibited. Coppin State University is committed to maintaining a working and academic environment in which faculty, staff, and students can develop intellectually and professionally, free from intimidation, fear, coercion, and reprisal.

Sexual harassment may take many forms, ranging from leering and lewd comments and gestures, to unwanted touching, and rape. Sexual harassment occurs when unwelcome sexual advances or unwelcome requests for sexual favors are demanded in exchange for grades/promotions/favorable reports/or other benefits. Sexual harassment may occur between persons of the same or different genders.

In order to deter sexual harassment at Coppin and to impose sanctions when it occurs, a policy applicable to sexual harassment is in effect. In determining whether alleged conduct constitutes sexual harassment, Coppin will look at the record as a whole and at the totality of the circumstances, such as the nature of the sexual advances and context in which the alleged incidents occurred. The determination of the legality of a particular act constitutes sexual harassment forbidden under this policy; the standard shall be the perspective of a reasonable person within the Coppin community. The rules of common sense and reason shall prevail.

Sanctions against Coppin faculty and staff for sexual harassment may range from reprimand to termination, depending on the severity of the conduct and the circumstances of the particular case. Likewise, sanctions against Coppin students for sexual harassment may include suspension or expulsion from Coppin programs.

Allegations of sexual harassment are extremely serious, with potential for great harm to all persons if ill-conceived or without foundation. Coppin is committed to protecting the rights of the alleged harasser as well as the complainant. Coppin is also committed to protecting the subject of sexual harassment from retaliation.
Retaliation by University faculty, staff, and students against a person who makes a complaint of sexual harassment, supports a complaint of sexual harassment, or testifies during an investigation of sexual harassment is expressly prohibited. If an individual who has been a victim of sexual harassment or retaliation shall immediately report such conduct to the Director of Affirmative Action.

III. Definition

For the purpose of this policy, Coppin adapts to the academic setting the sexual harassment definition promulgated by the United States Equal Employment Opportunity Commission (29 C.F.R. 1604). Unwelcome sexual advances, unwelcome requests for sexual favors, and other behavior of a sexual nature constitute sexual harassment when:

A. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s participation in a Coppin program; or
B. Submission to or rejection of such conduct by an individual is used as the basis for academic or employment decisions affecting that individual;
C. Such conduct has the purpose or effect of unreasonably interfering with an intimidating, hostile, or offensive educational or working environment at the University.

IV. Legal Remedies

Sexual harassment is defined in this policy as an illegal form of gender discrimination. Sexual harassment is prohibited by both State and Federal laws, and may constitute violations of the criminal and civil laws of Maryland and the United States. Complaints of sexual harassment may be processed internally through informal and formal procedures. Complaints may also be processed externally by the U.S. Equal Employment Opportunity Commission, the U.S. Department of Education, (Office for Civil Rights), and the Maryland Commission on Human Relations.
