Authority
The Education Article 13-601 in the Annotated Code of Maryland establishes the authority from which the Coppin State University Police Force conducts its day to day operations. According to this law, Coppin State University Police Officers have all the powers of any peace or police officer in the State. Furthermore, the Coppin State University Police Force is the primary agency responsible for policing property owned, leased, operated and/or controlled by the University. In order that the Coppin State University Police Force may better serve the University Community, the University has entered into a “Concurrent Jurisdiction Agreement” with the Baltimore Police Department. Under the Agreement, in addition to our statutory jurisdiction and authority, the Baltimore Police Commissioner has given enforcement authority to the Coppin State University Police in those areas considered to be contiguous to the University. The University Police Force and the Baltimore Police Department have a mutual and positive working relationship and provide assistance and expertise to each other as needed.

The Campus Security Act

The Campus Security Act requires colleges and universities to:

- Publish an annual report every year by October 1 that contains three years of campus crime statistics and certain campus security policy statements.

- Disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain no-campus facilities and remote classrooms. The statistics must be gathered from campus police or security, local law enforcement, and other University officials who have “significant responsibility for student and campus activities.”

- Provide “timely warning” notices of those crimes that have occurred and pose an ongoing “threat to students and employees.”

- Disclose in a public crime log “any crime that occurred on campus or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department.”

- The Coppin State University Department of Public Safety is responsible for preparing and distributing this report.
Jeanne Clery Act

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act is the landmark federal law, originally known as the Campus Security Act, which requires colleges and universities across the United States to disclose information about crime on and around their campuses.

Because the law is tied to participation in federal student financial aid programs, it applies to most institutions of higher education both public and private. It is enforced by the U.S. Department of Education.

The “Clery Act” is named in memory of 19-year-old Lehigh University freshman Jeanne Ann Clery who was raped and murdered while asleep in her residence hall room on April 5, 1986.

Jeanne’s parents, Connie and Howard, discovered that students had not been told about 38 violent crimes on the Lehigh campus in the three years before her murder. They joined with other campus crime victims and persuaded Congress to enact this law, which was known originally as the “Crime Awareness and Campus Security Act of 1990.”

The law was amended in 1992 to add a requirement that schools afford the victims of campus sexual assault certain basic rights, and was amended again in 1998 to expand the reporting requirements. The 1998 amendments also formally named the law in memory of Jeanne Clery.

The law was most recently amended in 2000 to require schools beginning in 2003 to notify the campus community about where public “Megan’s Law” information about registered sex offenders on campus could be obtained.
Officers and Their Training

The Training Section is in charge of coordinating and developing training for the entire CSU Police Department (CSUPD). Our sworn police officers are required to attend various types of training year round. This training includes firearms, defensive tactics, CPR, and critical incident response. The Training Section seeks out new training while identifying training needs in the department.

The Training Section further oversees the Field Training Program for newly Hired officers. Newly hired officers will not be allowed to act as an independent officer until they successfully complete the program. The Training Section further performs various duties that include making sure that all officers are trained on all their issued equipment, writes lesson plans for training and approves lesson plans written by department instructors. The training environment in law enforcement is ever changing due to advanced technology and needs of the university community. The Training Section makes sure that CSUPD stays on the cutting edge of law enforcement and assures that all officers are properly trained to meet the needs of the CSU community.

Several CSPD officers possess advance training. Three officers are certified firearms instructors, 10 are bike patrol officers, and 2 are detectives.

The police department is a 24-hour/7 day a week operation. Individuals may report a crime or other emergencies at any time of day or night by calling (410) 951-3900 or by walking into the main office located in the Frances Murphy Research Center or the police substation located in the Tawes Center. To give anonymous information, please call (410) 951-7070 and leave a message.

In addition to reporting incidents directly to the Department of Public Safety, reports can be made to:

- Athletic Coaches
- Organization Advisors
- Immediate Supervisor
- Peer Counselors

Each incident will be investigated by a sworn police officer and followed up by an investigator. Incidents that occur within the jurisdiction of the University are maintained in a daily log and are open for public inspection during regular business hours (9am - 4pm, Monday - Thursday | 9am - 3pm, Friday).
The Office of Capital Planning, Construction, & Contracts is committed to providing quality services for the long range development of the Campus Facilities Master Plan, daily operations and maintenance as well as the timely delivery of products and services at competitive pricing. Currently, the campus incorporates 15 major buildings, which include academic and instructional support facilities, residential and auxiliary support facilities, administrative support facilities, institutional research facilities, and advancement facilities.
Parking Regulations

The Coppin State University Police Department monitors parking for the faculty, staff, and students. All handicap individuals are required to register with the Department of Public Safety before parking on campus. Parking on Coppin State University’s campus is a privilege afforded by the university. Staff/Faculty and student parking is on a first-come basis. In the general parking areas, reserved parking spaces are the numbered spaces located throughout the campus.

**ALL PARKING ON COPPIN’S CAMPUS IS BY PERMIT ONLY**

All vehicles operated by students, faculty, and staff must be registered with Public Safety. Registration fees vary, based on the type of permit that is issued and fees may be increased based on the needs of the University. Each registered vehicle is identified by the parking hangtag. The hangtags are color coded to identify the vehicles’ type of parking privilege. There is no fee for Visitor parking permits. The Department of Public Safety is open for vehicle registration between the hours of 9:00am – 4:00pm, Monday - Thursday and 9:00am - 3:00pm, Friday. Any vehicle parked on the campus without a parking permit will be issued a citation and may be subject to be towed. Vehicles on Coppin State University property not displaying all required visible forms of identification/validation and left without use for forty-eight (48) hours will be considered abandoned and subject to removal from the campus at the vehicle owner’s expense.

Freshman resident students are not allowed to park on campus. Parking privileges for resident students begins at the sophomore classification level.

The parking regulations in this book are designed to control the flow of traffic, protect pedestrians, permit access of emergency vehicles and provide parking spaces as fairly and as conveniently as possible for the faculty, staff, students, and visitors. Regulations must be observed at all times including examination periods, registration, summer sessions, and inclement weather. These regulations apply to everyone operating a motor vehicle on the property of Coppin State University. Failure to comply with these traffic regulations could constitute a violation subject to penalties and fines.
Policy

It is the policy of the university to assist employees, students, and visitors as much as possible consistent with the university’s parking rules and regulations.

The university is not responsible for damage to or theft of vehicles operated on or parked on the campus, or injured occupants of such vehicles unless it is clearly established that such damage or injury resulted from an act of the Coppin State University.

Parking fees established by the university are effective for the duration of one academic year. These fees are generally non-refundable.

Faculty and staff employed after the beginning of the academic year will have their parking fees pro-rated.

The university reserves the right to utilize any reserve parking space(s) without consulting the space holder in advance.

The preparedness of this campus in case of an emergency incident is a high priority issue. Any change in the national threat level will be closely monitored, as will any specific threats to the safety of the Coppin State community. Information concerning the safety and security of this campus will be disseminated to the community through all available avenues of campus communication (emails, text message system, etc.) and if applicable, any recommended campus actions will be detailed.
The Coppin State University Police Department automatically implements response protocols based upon the current threat level at the national and local level to mitigate risk at this institution. These response protocols activate different levels of operational activities undertaken by the Coppin Police Department to provide enhanced services to the community and to engage the community in a collaborative state of vigilance against threatening activities. The Coppin Police Department would like to make you aware of the impact that a heightened state of alert has to the campus community by providing general information about the institutional response the campus can expect and what is expected of community members during these uncertain times.

The Coppin State Police Department continually reviews and revises procedures that are needed to implement the state of preparedness policy during critical incidents that occur on campus. The new policy/procedure will include:

- Establishing an emergency response based on federally designed Incident Command System protocols;

- Implementing a Disaster Response Protocol model based upon an Incident Response Team comprised of high level campus administrators, an Emergency Operations Center comprised of major resource holders, and an Incident Command System team comprised of CSUPD officers trained to coordinate on-scene activities at major incidents;

- Implementing an Early Warning System Emergency Program to provide instant notification of the campus community to imminent dangerous conditions. Upon activation of the Early Warning System Emergency Program, campus community members should:
  - Seek shelter within the closest building;
  - Seek information about the emergency from the following resources:
    - www.coppin.edu
    - (410) 951-3000 - Main campus line
    - (410) 951-3900 - Department of Public safety

For the duration of any heightened threat condition, the Coppin State Police will engage in the following activities on a daily basis to augment normal safety and security activities:

- Maintaining an institutional liaison with local, state, and federal agencies to facilitate information sharing with the campus community; and,
• Providing increased uniformed police officer visibility at designated areas and during campus special events

What can you do as a community member?
We are calling upon you as a member of the community to be vigilant in immediately reporting suspicious activity that you observe on campus. Your knowledge of personal space and areas you frequent on campus enable you to best judge persons or conditions that are out of place or suspicious. When you observe anything that seems out of the ordinary, we encourage you to immediately call the Coppin State Police immediately at x3900 from a campus phone or 410-951-3900 from off campus or cell phones. Your assistance in alerting us to suspicious conditions, events, or persons is a critical component of maintaining safe and secure campus and the CSUPD is dependent on a collaborative campus community to maintain safety successfully at this institution.

Campus Emergency Notification System
Coppin State University’s state-of-the-art notification system sends messages instantly and simultaneously to all registered text message capable mobile phones, Blackberries, wireless PDAs, pagers, Smart or Satellite phones, and e-mail addresses. The service will also post these messages on the university’s Web site. Additionally, the messages will “pop up” on the computer screen for anyone using Google, Yahoo, or AOL as their home page. Students, faculty and staff are strongly encouraged to register - it only takes a minute. This will be the surest way for you to receive notifications critical to your safety and well-being, as well as other campus information you may want to opt-in to receive.

In case of an emergency situation on campus, we strongly encourage you to keep your own supply of food and water to last for at least a day or two. You should also consider keeping items such as a flashlight, spare batteries, a portable radio, medicine, and other necessary personal supplies in your office area and/or dormitory room. In the event of a campus emergency, we will utilize all available state and federal disaster relief agencies such as the Federal Emergency Management Agency (FEMA) and the Maryland Emergency Management Agency (MEMA) to provide food and water.

Providing information about all disaster scenarios is impossible given the variety of potential threats that might occur.

Uniform Crime Reports

The Uniform Crime Reports (UCR) contains official data on crime that is reported to law enforcement agencies across the United States, who then provide the data to the Federal Bureau of Investigation (FBI). UCR focuses on index crimes, which include murder and non-negligent manslaughter, robbery, forcible rape, aggravated assault, burglary, larceny/theft, motor vehicle theft, and arson. UCR is a summary-based reporting system, with data aggregated to the city, county, state, and other geographic levels. Crime statistics are compiled from UCR data and published annually by the FBI in the Crime in the United States series. To address limitations of UCR, the FBI has developed the National Incident Based Reporting System (NIBRS) system, which is slowly.

Police Services

CSU Police are vested with full law enforcement powers and responsibilities, identical to the local police or sheriff in your home community, and have met the police training certification requirements of the State of Maryland. Section 13-201 of the Education Article establishes, “the University of Maryland Police Force” with all the powers of a peace and police officer in this State. The Officers are trained at approved police academies and the Maryland Police and Corrections Training Commission. They receive additional in-service and specialized training in first aid, firearms, defense tactics, legal updates, evidence gathering, traffic accident investigation, crime prevention and drug suppression operations. Additionally, we provide information on arrest and serious crimes to the Maryland State Police on a monthly basis, for inclusion in the Federal Bureau of Investigation’s (FBI) Uniform Crime Report. The serial numbers of vehicles and office equipment stolen from campus are reported nationwide through the National Crime Information Center (NCIC). Monthly crime statistics can be obtained through the University’s web site, link to Public Safety, crime statistics. Also, the FBI publishes National Crime Statistics each October for the previous year. This publication can be found in most public and/or college libraries.

Dialing 410-951-3900 from any campus telephone will provide direct contact with campus police. Members of the University community are urged to notify the Police Department immediately of any criminal activity or other emergencies occurring on campus. The best cooperation you can give us comes from knowing about us and knowing the campus environment; and making a commitment to do your part to ensure that environment is safe and secure.

Protect and Serve

The Law Enforcement Unit of the Department of Public Safety is a team of professionals working to provide a safe environment in which the educational mission of the University can be fully realized. We provide crime prevention and control, criminal investigations, traffic and parking management, physical plant security, disaster coordination, maintenance of public order and other related services. The officers of the department are responsible for the enforcement of all state and local laws. The department’s ability to function as an independent law enforcement agency enables it to provide sensitive, measured approach to all situations requiring police assistance while still maintaining the autonomy of the University.
