### **Grading Policy** **Policy**

*Course syllabus Approved Jan. 2015*

Policy on assignments and modes of assessment. All assignments are due on the date indicated within the course syllabi, topical outline and/or weekly assignment as listed per Blackboard. For all assignments submitted after the due date, the grade will be a zero (0). For the purpose of this course, all assignments will only be graded once and may be submitted only once. All assignments must meet the grading criteria as well as guidelines for scholarly work. Refer to appropriate policies. Any and all work submitted that is not considered original will be grounds for appropriate sanctions that may include failure of the assignment, and failure of the course, and academic probation or dismissal.

All late assignments will earn a grade of zero (0). A grade of zero (0) will be given for all work that is not properly referenced, overly quoted or not considered to be original work. See the Handbook for the grading policy and disciplinary actions. The course must be passed with a grade of a B. Hence an overall score of less than 80 % will be a failing score.
