**INTRODUCTION:**

The Federal Student Right to Know, Crime awareness and Campus Security Act referred to as the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act” as amended by the Higher Education Opportunity Act of 2008, requires institutions of higher education to prepare, publish and distribute a report concerning certain campus crimes and fire statistics, as well as, policies concerning security, personal safety, fire safety, emergency response and missing on campus residential students on an annual basis through appropriate publications, mailings or computer networks to all current students and employees and all prospective students and prospective employees upon request. This publication contains the annual report concerning specific campus crime and arrest statistics, fire statistics, as well as information about campus policies and practices intended to promote awareness, campus safety and security.

The law enforcement unit of the CSUPD is a team of professionals working to provide a safe environment in which the educational mission of the University can be fully realized. CSUPD is a service-oriented department, tailored to meet the needs of an urban-centered institution. We provide crime prevention and control, awareness initiatives, criminal investigations, traffic, physical plant security, disaster coordination, as well as, maintenance of public order and other related services. CSUPD officers are responsible for the enforcement of all state and local laws. The department’s ability to function as an independent law enforcement agency provides a sensitive, measured approach to all situations requiring police assistance, while still maintaining the autonomy of the University.

**JEANNE CLERY ACT:**

The Jeanne Clery Act is named in memory of 19-year-old Lehigh University freshman Jeanne Ann Clery who was raped and murdered while asleep in her residence hall room on April 5, 1986. Jeanne’s parents, Connie and Howard discovered that students had not been told about 38 violent crimes on the Lehigh campus in the three years before her murder. They joined with other campus crime victims and persuaded Congress to enact this law.

The law was amended in 1992 to require that schools afford victims of campus sexual assault certain basic rights and was further amended in 1998 to expand the reporting requirements. The 1998 amendments also formally named the law in memory of Jeanne Clery.

The law was most recently amended in 2000 to require schools effective 2003 to notify the campus community that public Megan’s Law information about registered sex offenders on campus can be obtained at: www.familywatchdog.us.
**TIMELY WARNING:**

Whenever a violent or a major crime occurs on campus, CSUPD believes the safety of the campus community is at risk. The Chief of Police or the Operational Lieutenant determines when a timely warning should be distributed without delay to help prevent crimes or serious incident. CSUPD, in conjunction with Office of University Relations (OUR) issues campus safety alerts in a timely manner to notify community members about certain crimes in and around our community. Members of the community who know of a crime or other serious incident should report the incident as soon as possible to CSUPD so that a campus safety alert can be issued if warranted.

When a community member reports a crime or serious incident to a campus security authority, those authorities will notify the CSUPD. Campus Security Authority will promptly notify and collaborate with the CSUPD to issue a campus safety alert, if one is appropriate.

The department distributes campus safety alerts in various ways. Once the University determines an alert should be issued, the department will have a recorded phone message sent stating the incident and area with instructions for the community to follow. Messages will also be sent by e-mail, twitter, and Facebook through Blackboard Connect.

**CAMPUS SECURITY ACT:**

The Campus Security Act mandates all colleges and universities to:

Prepare, publish, and distribute an annual report by October 1st that contains three years of:

Campus crimes statistics and fire statistics, as well as policies concerning security, personal safety, fire safety, emergency response and missing on-campus residential students, on an annual basis through appropriate publications, mailings or computer networks to all current students and employees, and all prospective students and prospective employees upon request. This publication contains the annual report concerning specific campus crimes and arrest statistics, fire statistics, as well as information about campus policies and parties intended to promote awareness, campus safety and security. This report is prepared by CSUPD.

The statistics for this report are collected by CSUPD or local law enforcement and other university officials who have significant responsibility for students and campus activities. Published are timely warning notices of those crimes that have occurred and pose an on-going threat to students and employees.

Disclosed in public crimes logs are crimes that occurred on campus or within the patrol jurisdiction of the CSUPD are responsible for preparing and distributing the report. Copies of this report may be obtained from the CSUPD located on the second floor of the PEC building or by visiting our web page located at: [http://www.coppin.edu/police/statistics](http://www.coppin.edu/police/statistics)
AUTHORITY:

The Education Article 13-601 of the Annotated Code of Maryland establishes the authority by which the Coppin State University Police Department (CSUPD) conducts its day-to-day operations. In accordance with the law, CSUPD officers have all the powers of any peace or police officer in the state. Furthermore, CSUPD is the primary agency responsible for policing property owned, leased, operated and/or controlled by the University. In order for CSUPD to better serve the University community, the University has entered into a “Concurrent Jurisdiction Agreement” with the Baltimore Police Department. Under this agreement, in addition to our statutory jurisdiction and authority, the Baltimore Police Commissioner has given enforcement authority to CSUPD in those areas considered to be contiguous to the University. The CSUPD and the Baltimore Police Department have a mutual and positive working relationship, providing assistance and expertise to each other as needed.

EMERGENCY NOTIFICATION:

The preparedness of this campus in case of an emergency incident is a high priority issue. Any change in the national threat level will be closely monitored as well as specific threats to the safety of the Coppin State community. Information concerning the safety and security of this
campus will be disseminated to the community through all available avenues of campus communication (emails, text message system, etc.) and if applicable, any recommended campus actions will be detailed.

CSUPD automatically implements response protocols based upon the current threat level at the national and local level to mitigate risk at this institution. These response protocols activate different levels of operational activities undertaken by the CSUPD to provide enhanced services to the community and to engage the community in a collaborative state of vigilance against threatening activities. The Coppin Police Department would like to make you aware of the impact that a heightened state of alert has to the campus community by providing general information about the institutional response the campus can expect and what is expected of community members during these uncertain times.

Coppin Police Department continually reviews and revises procedures that are needed to implement the state of preparedness policy during critical incidents that occur on campus. The new policy/procedure will include:

1. Establishing an emergency response based on federally designed Incident Command System protocols;
2. Implementing a Disaster Response Protocol model based upon an Incident Response Team comprised of high level campus administrators, an Emergency Operations Center comprised of major resource holders, and an Incident Command System team comprised of CSUPD officers trained to coordinate on-scene activities at major incidents;
3. Implementing an Early Warning System Emergency Program to provide instant notification of the campus community to imminent dangerous conditions. Upon activation of the Early Warning System Emergency Program, campus community members should:
   o Seek shelter within the closest building;
   o Seek information about the emergency from the following resources;
     • + www.coppin.edu
     • + (410) 951-3000 - Main Campus Line
     • + (410) 951-3900 – CSUPD (Coppin State University Police)

For the duration of any heightened threat condition, the CSUPD will engage in the following activities on a daily basis to augment normal safety and security activities:
- Maintaining an institutional liaison with local, state, and federal agencies to facilitate information sharing with the campus community; and,
- Providing increased uniformed police officer visibility at designated areas and during campus special events;

The Office of University Relations (OUR) will communicate information on emergencies to the media and campus community. OUR utilizes text messages via cell phone, messages posted on the home page of the Coppin State University web site, television, radio, internet and other media outlets to communicate with surrounding communities. The President notifies the Chancellor and the University Systems of Maryland Board of Regents in the case of an emergency.
Coppin State University’s state-of-the-art notification system sends messages instantly and simultaneously to all registered voice and text message capable mobile phones, Blackberry’s, Smart or Satellite phones, E-mail, Facebook and Twitter. The service will also post these messages on the University’s web site. Additionally, the messages will pop up on the computer screen for anyone using Google, Yahoo as their home page. Students, faculty and staff are strongly encouraged to register for Blackboard Emergency Notifications. This will be the surest way for you to receive notifications critical to your safety and well-being, as well as other campus information you may want to receive.

Coppin State University will without delay and taking into account the safety of the community determine the content of the notification and initiate the notification system, unless issuing a notification will, in professional judgement of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

IN CASE OF EMERGENCY:

In case of an emergency situation on campus, we strongly encourage you to keep your own supply of food and water to last for at least a day or two. You should also consider keeping items such as a flashlight, spare batteries, a portable radio, medicine and other necessary personal supplies in your office area and/or dormitory room. In the event of a campus emergency, we will utilize all available State and Federal disaster relief agencies such as the Federal Emergency Management Agency (FEMA) and the Maryland Emergency Management Agency (MEMA) to provide food and water. Providing information about all disaster scenarios is impossible given the variety of potential threats that might occur.

CSUPD continually reviews and revises procedures that are needed to implement the state of preparedness policy during critical incidents that occur on campus. The new policy and procedures will include establishing an emergency response based on federally designed Incident Command System Protocols, implementing a Disaster Response Protocol model based upon an Incident Response Team, comprised of high-level campus administrators, Emergency Operations Center full of major resource holders and an Incident Command System team consist of CSUPD officers trained to coordinate on-scene activities at major incidents. Implementing an early warning system to the emergency program will provide instant notification to the campus community and imminent dangerous conditions. For the duration of any heightened threat condition, CSUPD will engage in the following activities on a daily basis to augment normal safety and security activities:

All building occupants are expected to cooperate in evacuating each building when a fire alarm is sounded. Individuals who do not cooperate with a building evacuation will be subject to disciplinary action. Students, guests and visitors must evacuate the residence hall when a fire alarm sounds. Tampering with, disconnecting or obstructing fire alarm bells, smoke detectors or other fire equipment is prohibited, and violators may be subject to prosecution and/or arrest, and/or dismissal from the residence hall. Fire emergency doors can be used to exit buildings only in an emergency and should remain closed at all other times. Appropriate action will be taken based on the situation. Fire drills will be scheduled and conducted each semester.

INITIAL INSTITUTIONAL RESPONSE:

Upon receipt of a missing student report, the CSUPD will promptly begin efforts to locate the student on campus or at other sites controlled by the University through working closely with the Division of Students Life and other relevant departments such as the Office of Residence Life (by contacting the Director of Residence Life) and/or the Academic Department in which the missing student is enrolled.

Initial efforts to contact the student may involve telephone, e-mail, text message or other electronic communications such as the usage of a meal plan card or building access card.

University personnel authorized by CSUPD or the Vice President of Student Life may attempt to contact the student at his or her housing assignment on campus or at his or her residence.

If a student who resides on campus does not respond to initial efforts to make contact, Student Life or other authorized Office of Residence Life personnel may enter the student's room in order to assess the condition of the room and look for clues to explain the student's absence. CSUPD will request that Student Life personnel enter student rooms.

University personnel authorized by CSUPD or Vice President of Student Life may pursue such additional or other investigative activities that are considered reasonable under the circumstances.

INSTITUTIONAL RESPONSE AFTER DETERMINING A STUDENT IS MISSING:

When CSUPD and the Vice President of Student's Life determine that the student has been missing for a period of 24 hours, or if the University cannot locate the student and determines that the student appears to be missing as defined under this policy:

CSUP will initiate an investigation of missing person(s) and children (including runaways, abandonment, abducted, or other missing status) and will submit a missing person report on all persons deemed missing from the agency’s primary jurisdiction. CSUPD will involve Local Law Enforcement and other Law Enforcement agencies in its efforts to locate a missing student.

STUDENT'S OPTION TO IDENTIFY PERSONS TO BE INFORMED:

STUDENTS IN UNIVERSITY HOUSING: At the time that a student initially registers for classes or is accepted as a resident in University housing, the student will be given an opportunity to designate an emergency contact, which would be used in the event of an emergency or the student is missing. This information can be updated at any time by the student.

Confidentiality: Missing Person contact information will be maintained by the University as a confidential student record and will be accessible only to specifically designated authorized University officials. This confidential information may not be disclosed except to Law Enforcement Personnel or designee in furtherance of a missing student investigation.
**Students Under 18:** The University will inform students under the age of eighteen that, in the event they are emancipated and determined to be missing, their custodial parent or legal guardian must be notified.

**CRIME PREVENTION:**

CSUPD continuously patrols the campus to assure a high level of security. As a routine part of patrol duties, officers look for potential safety hazards such as defective lighting, inoperative doors and locks. Coppin State University does not have any off-campus student organizations that must be disclosed.

Any concerns may be reported by calling the following departments:
- Facilities: 410-951-1234

Your assistance in alerting us to suspicious conditions, events or persons is a critical component of maintaining a safe and secure campus. CSUPD is depending on a collaborative campus community to maintain safety successfully at this institution.

**YOU CAN ALSO REPORT A CRIME TO CAMPUS SECURITY AUTHORITIES:**

The Clery Act mandates that institutions disclose statistics for crimes reported to Campus Security Authorities. The intent of including Non-Law Enforcement personnel as Campus Security Authorities is to acknowledge that many individuals are hesitant about reporting crimes to the police, but may be more inclined to report incidents to other campus-affiliated individuals.

HOW TO REPORT A CRIME / COMPLAINT:

CSUPD operates 24 hours a day, 365 days a year and is a fully staffed recognized law enforcement agency. Each incident is investigated by a professional full-time police officer and followed up by a full-time investigator. Our follow up process strives to identify and prosecute criminals, recover stolen property and encourage restitution, when possible.

It should be noted that because Coppin State University is a publicly funded institution certain information is not protected and must be made public. The law makes provision for the protection of some information if it meets certain criteria set in the law, however, information that does not meet that criteria must be made public. Therefore, the University through its department of Campus Police and/or other “Campus Security Authorities” cannot assure confidentiality of information in all cases.

How to be an active Bystander. Bystander intervention means safe and positive option that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence sexual assault or stalking.
REPORTING CRIMINAL ACTIVITY:

CSUPD has primary jurisdiction and responsibility for investigating crimes and providing police services to the campus community. In keeping with Federal guidelines, it is the policy of Coppin State University that all crimes specified by the Federal Student Right-to-know, Crime Awareness and Campus Security Act now cited as the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act,” (Clery Act) as amended by the Higher Education Opportunity Act of 2008, all reported crimes to any campus security authority must be relayed to CSUPD. CSUPD and Baltimore City Police have entered into a memorandum of understanding to engage in cooperative initiatives to ensure the safety of Baltimore residents.

Professional and pastoral counselors are exempt from this requirement when they are acting in their official capacities. There is no procedure to encourage counselors to inform those whom they are counseling of any procedures to report crimes on a voluntary, confidential basis. However, reading material is provided campus wide to inform students and staff of their right to get help in a safe and confidential manner.

Each incident is investigated by a professional full-time police officer, followed up by an investigation conducted by a fulltime investigator. Our follow up process strives to identify and prosecute criminals, recover stolen property and encourage restitution, when possible.

Limited Voluntary/Confidential Reporting:

CSUPD encourages everyone who is a victim of a crime or witness to promptly report the incident to the police when the victim of such crime elects or is unable to make such a report. Because police reports are public records under state law, CSUPD may not hold reports of a crime in confidence. Confidential reports for the purpose of inclusion in the annual disclosure of crime statistics can generally be made to other campus security authorities as described. The Clery Acts mandate that institutions disclose statistics for crimes reported to the local agencies and crimes reported to campus security authorities (CSA). The intent of including non-law enforcement personnel such as CSA is to acknowledge that many individuals and students in particular are hesitant about reporting crimes to the police, but may be inclined to report to other campus-affiliated individuals.

Students are informed of CSUPD’s security procedures and practices at the beginning of each semester, during new student orientation, at this time they are given vital information on how to stay safe and secure when on campus and accessing its facilities. Campus staff are informed of CSUPD’s procedures and practices during employee orientation and annually thereafter. CSUPD’s practices encourage staff and students to be responsible for their own security and the security of others to assist with its “See something say something” policy. In addition, CSUPD holds an annual Safety Walk during the month of September in which all information regarding Campus Safety can be found. Information regarding student and Staff safety measures reads as follows:

**FACULTY/STAFF RESPONSIBILITY:**

As faculty and staff members, you should feel safe in your work environment. In the past, a number of tragedies have occurred on college campuses in the United States. Some of these tragedies occurred in a classroom. The CSUPD is committed to working with the University officials, first responders, all levels of law enforcement and the community to prevent a tragedy from occurring on our campus because of this in staying firm to our commitment to making Coppin State University a safer environment; the CSUPD is re-evaluating the polices and providing its officers advanced training as it relates to potential threats, prevention measures to alleviate the threat and procedures required to stop and action from occurring.

**Office Safety:**

Most faculty, staff, work-study students and student organizations work in an office environment. This situation poses a special concern due to the high amount of traffic traveling through buildings and offices. The best plan to mediate the traffic is to be a good ambassador for the department and University. If you see someone who appears lost, out of place or loitering, approach and offer assistance or directions. If their business is legitimate you have created a good impression. If it is not, you have put the person on notice that security awareness is priority. You have also taken the opportunity to get a good description. If the answer you get seems evasive, hostile or otherwise
unsatisfactory, call campus police. If the person is clearly a threat to safety or property, or is acting in a strange or bizarre fashion, avoid contact and call campus police immediately.

**Open Your Door:**

Keep your office or classroom door open or cracked when meeting with individuals. You may also want to arrange your office with the desk closest to the door. Should you encounter a difficult student or colleague behavior, you’ll have an accessible exit if threatened and your voice will carry more effectively. Familiarize yourself with your cell phone and its emergency features.

**Observe and Be Alert:**

In many instances of violence, there are warning signs in advance. Take note of unusual or troubling student or colleague behavior and alert the CSUPD about the concerns. The buddy system works for staff as well. Walk with someone to your car at night or to a late meeting across campus. Try to work during normal working hours so that you are never alone in your department. Students may come in for advice and may ask you not to disclose sensitive information shared. You are obligated to disclose information to the appropriate personal that may pose a threat to themselves or to others.

**Save Written Correspondence:**

Keep a record of all written exchanges you have with colleagues and students. Should a problem arise, you may need the files to establish a pattern of behavior. Documentation is very important!

**Points to Remember:**

If you receive a threatening e-mail, text message or instant message, or experience potential stalking behavior, save it and let your Department Chairperson and CSUPD know immediately. It’s not an overreaction to take these types of threats serious. Don’t wait until you receive several threats. Trust your instincts.

**Tips for being safe in your Office:**

- Do not loan out office keys or allow them to be copied.
- Keep your purse, wallet or other valuables **LOCKED** in a cabinet or drawer.
- If your office will be unattended at any time, **LOCK** the door.
- Record the description and serial numbers of office equipment.
- Keep **PETTY CASH LOCKED** up at all times and make periodic checks of the amount.
- **LOCK** doors and windows at the end of the working day.
- Never prop open exterior doors. Don’t hold the door open for anyone that you don’t know.
- Call the CSUPD for a Security escort if leaving your office late at night, or anytime you may feel unsafe. You can always ask CSUPD for more personal safety tips. We are happy to address any questions or concerns you may have about safety in residence facilities, academic buildings and administrative buildings.
**STUDENT RESPONSIBILITY:** The cooperation, involvement and personal support of students in a campus safety program are crucial to the program’s success. Students must assume responsibility for their own personal safety and security of their personal belongings by taking simple precautions. The student’s awareness of their environment and surroundings is the best place to start.

- Exterior doors to the residential areas should never be propped open.
- Residents should ask visitors to identify themselves before allowing them access to the building and/or their rooms.
- Key(s) and Coppin State identification cards should be carried at all times and **never** loaned to others.
- Cars should be parked in well-lit areas and kept **Locked** at all times.
- Valuables should be concealed.

**Staying Safe on Campus and in your Classroom:**

Whether you are living on or off campus, there are simple things you can do to keep yourself safe:

- Always **lock** your doors.
- Do not allow strangers into your room; Ask for identification.
- Do not post notes stating your location or provide personal information.
- Keep your valuables out of plain sight; do not have too many valuables on campus.
- **Never** give out your room key or card. If you cannot locate your key or card, report it to the appropriate staff immediately. Someone can use it to gain entrance to your area and put you and your roommate in danger.

**BE YOUR OWN ADVOCATE BY TAKING THE FOLLOWING STRATEGIES SERIOUSLY:**

**Keeping Yourself Safe:**

- If you receive obscene phone calls, e-mails or text messages keep track of the caller’s information and the caller’s comments.
- Turn everything over to Campus Police and Coppin Security Authority.
- During the evening hours, do not walk alone.
- If you feel that someone is stalking you, report it to Campus Police immediately. A restraining order or some other action will be taken to keep you safe.

- Do not leave your bag unattended.

SEXUAL ASSAULT RISK REDUCTION AND PREVENTION:

CSU endeavors to foster a University-wide climate free from sexual misconduct, dating violence, domestic violence, sexual assault, and stalking; through training, education, prevention programs and through policies and procedures that promote prompt reporting, timely, fair and impartial investigation and adjudication. Also, CSU endeavors the resolution of sexual misconduct cases in a manner that eliminates the sexual misconduct, prevents its recurrence, prohibit retaliation and addresses its effects.

STUDENTS:
The Office of Student Conduct and Community Standards facilitates programs in conjunction with Residence Life and the Title IX Coordinator/Team to educate and increase awareness of The Student Code of Conduct, Title IX, Campus SAVE Act, Violence against Women Act, and preventive strategies to help safeguard themselves in the campus community. Additionally, we also offer online Title IX training for students each year to heighten the awareness of Title IX as part of our Federal Mandated Requirements. CSU also participates in both Programs (Denim Day and New Student Orientation) in conjunction with the Center for Counseling and Student Development.

Denim Day
Each year in April students, faculty and staff at Coppin State University will make a social statement with their fashion statement and wear jeans on Denim Day. Denim Day is a project of Peace Over Violence—a non-profit, feminist, multicultural, volunteer organization dedicated to building healthy relationships, families and communities free from sexual, domestic and interpersonal
violence. Denim Day was launched in 1999, in protest of an Italian High Court ruling that overturned a rape conviction because the victim was wearing “tight” jeans. Since then, wearing jeans on Denim Day has become a symbol of protest against erroneous and destructive attitudes about sexual assault.

The program began in 2013 when Coppin State University was the recipient of a mini-grant from The Wright Group to fund the project on campus. Since then, the Counseling Center has sustained the program and partners with student organizations and local agencies such as Turnaround, Inc., Mercy Hospital, and the Maryland Coalition Against Sexual Assault each year on Denim Day. For more information on ways to support Denim Day, visit http://denimdayinfo.org/about/

New Student Orientation

All incoming students who attend orientation receive training and education regarding sexual assault prevention, reporting a sexual assault and healthy relationships. Additionally, the Title IX Coordinator and Public Safety meet with family members and students to answer questions about sexual misconduct policies and to inform students of their rights once they become a Coppin State student.

**REPORTING SEXUAL ASSAULT:**

People who believe they have been the victim of a sex offense, domestic violence, dating violence, sexual assault, or stalking should immediately report the incident to a CSA Member they feel comfortable with as listed under Campus Security Authority or directly to the CSUPD by calling 3911 or 410-951-3911. The following is strongly suggested. If a sexual
assault occurs off campus, the victim should report the incident to the Police Department of the jurisdiction. Get to a safe place and call the police immediately;

Regardless of whether you intend to prosecute, you are encouraged to obtain a medical evidentiary examination (SAFE Examination). The exam will be given at Mercy Hospital located 345 Saint Paul Place, Baltimore, Md. 21202, 410-332-9000.

In addition to medical assistance, important evidence can be collected that could aid in a future criminal prosecution. You always have the right to change your mind and not to pursue a criminal complaint if safe to do so, take precautions so as not to destroy or tamper with any evidence that may be used in a criminal prosecution or administrative action.

If you are not sure what to do, you can call the Rape Crisis Hotline at 410-828-6390 or The Maryland Coalition against Sexual Assault at 1-800-938-RAPE (7273). The advocate will provide you with options and you will not have to give your name;

Do not bathe, shower, douche, change your clothes or disturb anything at the crime scene. Extremely valuable physical evidence can be obtained from you, your clothing and objects at the scene of the crime.

If you do not wish to make a report to the police, you are still encouraged to seek professional medical advice. It is important not to forget the possibility of sexually transmitted diseases and/or pregnancy.

Victims have the option of reporting these incidents to Campus Security Authorities (CSA’s) if they do not wish to report to the police. If the offense occurred off campus, CSUPD or CSA’s can assist victims in notifying local law enforcement authorities if the victim so chooses.

Victims do have the option of declining to notify such authorities. CSUPD or local law enforcement authorities can assist the victim by providing written information concerning the rights of victims and the institution’s responsibilities regarding orders of protection, no contact orders, restraining orders, or similar lawful orders issued by a criminal, or civil court.

**PROCEDURES FOR A VICTIM TO FOLLOW IF A SEXUAL ASSAULT OCCURS:**

**Self-Care and Safety:**
It is important to get to a safe location. After an assault, the victim may be in a state of shock. Although the first reaction may be to clean up, **DO NOT**. Instead, the victim is advised to wrap in something warm, such as a blanket or coat. Staying warm, instead of cleaning up right away, will help in recovering from shock and it is less likely that the evidence will be disturbed or destroyed if one decides to report the assault to law enforcement.

It is important for a victim to seek medical attention as soon as possible after a sexual assault. A medical exam will ensure that the victim receives appropriate medical treatment. A Sexual Assault Forensic Exam is essential in the collection of physical evidence if the victim decides to make a formal report to law enforcement.
**Preserve any evidence:**
Do not disturb any evidence on the body or the location where the assault occurred. Do not shower, bath, eat, drink, brush your teeth or gargle, change clothes, urinate or defecate, brush/comb hair or smoke. Bring any clothing to the hospital the victim was wearing at the time of the assault or immediately after the assault. If the victim has already change clothes put them in a paper bag. Write down anything the victim can remember about the assailant and the assault.

**Call Someone:**
Victim is advised to call someone for support immediately. Reactions to sexual assault vary. Whatever the reaction, one may make better decision by talking to a trusted friend or relative or someone who is professionally trained to deal with sexual assault. This person can serve as a vital source of emotional support.

Coppin State University will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the result of any disciplinary hearing conducted by Coppin State University against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of such crime or offense, Coppin State University will provide the results of the disciplinary hearing to the victim’s next of kin, if so requested.

**CSUPD PROCEDURES IN CASE OF ALLEGED SEXUAL ASSAULT, STALKING, DATING AND DOMESTIC VIOLENCE:**

The responsibility for the preliminary investigation of an alleged sex offense rests with the uniformed patrol officer, CSUPD’s Criminal Investigation Unit, and Baltimore Police Department’s Sex Offense Unit.

The officer responding to an alleged sexual assault must realize that it is essential that the victim of a sex offense be treated with courtesy, dignity, respect and compassion and must always be aware that the manner in which the victim is treated at the time of the incident and afterwards effects the victim’s ability to cope long-term with the crime and may affect the extent to which the victim will assist in the investigation. Therefore, it is essential that the interview be conducted with sensitivity, patience, persistence and dedication to the task at hand.

If the victim of any sexual assault requires immediate medical attention, the officer will contact Communications and request appropriate medical transportation. Another officer will then respond to the hospital while the first responder protects the crime scene.

The investigation team will refrain from expressing or implying any personal opinion during the course of the investigation. If injuries to the victim or assailant were sustained as a result of the attack, they should be photographed by either the Crime Laboratory or investigations team personnel. The nature of all injuries and the fact that photographs were taken shall be included in the narrative of the report.
PROCEDURES FOR CAMPUS DISCIPLINARY ACTIONS IN CASES OF AN ALLEGED DATING VIOLENCE, DOMESTIC VIOLENCE, SEXUAL ASSAULT OR STALKING:

The accuser and the accused are entitled to the same opportunities to have others present during a disciplinary proceeding.

Both the accuser and the accused must be informed concurrently in writing about the final outcome of the complaint and whether or not sexual misconduct was found to have occurred.

Nevertheless, the complainant and/or the accused is responsible for presenting his or her own case by calling witnesses, cross-examining witnesses, presenting written documents and making opening and closing statements. An advisor present at a hearing before a judicial body is permitted to advise his or her client as to what, if any, statements should be made before the judicial body.    d. Pertinent records, exhibits, and written statements may be accepted as standard evidence for consideration by a judicial body at the discretion of the chairperson.
   e. All procedural questions are subject to the final decision of the chairperson of the judicial body.
f. After the hearing, the judicial body shall determine (by majority vote if the judicial body consists of more than one person) whether the student has violated each section of the Student Code which he/she is charged with violating.

g. The judicial body's determination shall be made on the basis of whether it is more likely than not that the accused student violated the Student Code.

5. There shall be a single verbatim record, such as a tape recording, of all hearings before a judicial body. The record shall be the property of the University.

6. Except in the case of a student charged with failing to obey the summons of a judicial body or University official, no student may be found to have violated the Student Code solely because the student failed to appear before a judicial body. In all cases, the evidence in support of the charges shall be presented and considered.

**APPEALS:**

1. A decision reached by the judicial body or a sanction imposed by the Judicial Advisor may be appealed by accused students or complainants to the CSU Judicial Appeals Board within five (5) school days of the decision. Such appeals shall be in writing and shall be delivered to the Vice President for Student Affairs.

2. Except as required to explain the basis of new evidence, an appeal shall be limited to review of the verbatim record of the initial hearing and supporting documents for one or more of the following purposes:

   a. To determine whether the original hearing was conducted fairly in light of the charges and evidence presented, and in conformity with prescribed procedures giving the complaining party a reasonable opportunity to prepare and present evidence that a Student Code was violated, and giving the accused student a reasonable opportunity to prepare and to present a rebuttal of those allegations.

   b. To determine whether the decision reached regarding the accused student was based on substantial evidence; that is, whether the facts in the case were sufficient to establish that a violation of the Student Code occurred.

   c. To determine whether the sanction(s) imposed were appropriate for the violation of the Student Code which the student was found to have committed.

   d. To consider new evidence, sufficient to alter a decision or other relevant facts not brought out in the original hearing, because such evidence and/or facts were not known to the person appealing at the time of the original hearing.

3. If an appeal is upheld by the Judicial Appeals Board, the matter shall be remanded to the original judicial body and Judicial Advisor for re-opening of the hearing to allow reconsideration of the original determination and/or sanction(s).

4. In cases involving appeals by students accused of violating the Student Code, review of the sanction by the Judicial Appeals Board may not result in more severe sanction(s) for the accused student. Instead, following an appeal, the Judicial Appeals Board may, upon review of the case, reduce, but not increase, the sanctions imposed by the Judicial Advisor.
5. In cases involving appeals by persons other than students accused of violating the Student Code, the Judicial Appeals Board may, upon review of the case, reduce or increase the sanctions imposed by the Judicial Advisor or remand the case to the original judicial body and Judicial Advisor.

**TITLE IX**

**Notice of Non-Discrimination**

Coppin State University does not discriminate in offering equal access to its educational programs and activities or with respect to employment terms and conditions on the basis of an individual’s age, color, creed, disability, gender, gender expression, gender identity, genetic information, race, national origin, religion, sex, sexual orientation or veteran status. The University’s protection of these statuses is grounded in Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and The Americans with Disabilities Act of 1973 and §143-422.2. The University encourages all community members to take reasonable and prudent actions to prevent or stop prohibited conduct. Taking action may include direct intervention when safe to do so, enlisting the assistance of friends, contacting law enforcement officials, or seeking the assistance from a person in authority. To foster a climate that encourages prevention and reporting of misconduct, the Coppin State University will actively promote prevention efforts, educate the community, respond to all reports promptly, and provide protective measures to address safety and emotional well-being and act in a manner that recognizes the inherent dignity of the individuals involved.

Questions or concerns may be referred to the CSU Title IX Coordinator. Alternately, concerns about the University’s application of Title IX under this policy may be addressed to the United States Department of Education, Office of Civil Rights.

**Prohibited Conduct**

Sexual misconduct, as defined in this policy is prohibited. Sexual misconduct is a broad term that encompasses sexual harassment, sexual assault, sexual exploitation, sexual intimidation and stalking. Additionally, this policy prohibits retaliation against anyone who reports or files a complaint under this policy or participates in any investigation of a complaint. Sexual misconduct can occur between strangers or acquaintances, including people involved in an intimate or sexual relationship. Sexual misconduct can be committed by men or women and can occur between people of the same or different sex. Sexual misconduct may be a form of sex discrimination prohibited by federal and state discrimination laws, including Title IX of the Education Amendments of 1972 and Title VII of the Civil Rights Act. In addition, some forms of sexual misconduct may violate the criminal laws of the State of Maryland.

**Definitions**

For purposes of this Policy, the following definitions apply:

**Consent** means a knowing, voluntary, and affirmatively communicated willingness to mutually participate in a particular sexual activity or behavior. It must be given by a person with the ability and capacity to exercise free will and make a rational, reasonable judgment. Consent may be expressed either by words or actions, as long as those words or actions create a mutually understandable permission regarding the conditions of sexual activity. It is the responsibility of the person who wants to engage in sexual activity to ensure that he/she has the consent of the other to engage in this activity.

(a) Lack of protest or resistance is not consent. Nor may silence in and of itself, be interpreted as consent. For that reason, relying solemnly on non-verbal communication can lead to misunderstanding.

(b) Previous relationships, including past sexual relationships, do not imply consent to future sexual acts.

(c) Consent to one form of sexual activity cannot automatically imply consent to other forms of sexual activity.

(d) Consent must be present throughout sexual activity and may be withdrawn at any time. If there is confusion as to whether there is consent or whether prior consent has been withdrawn, it is essential that the participants stop the activity until the confusion is resolved.

(e) Consent cannot be obtained by use of physical force, threats, intimidating behavior or coercion. Coercion is the unreasonable pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure used. When someone makes clear that he/she does not want sex that he/she wants to stop, that he/she does not want to do certain things or that he/she does not want to go beyond a certain point, continued pressure can be coercive.

(f) If you have sexual activity with someone you know, or should know is incapacitated, you are in violation of this policy. The relevant standard is whether a sober, reasonable person in the same position should have known that the other party was incapacitated and therefore, unable to consent.
Incapacitated, for purposes of this policy, means that the person’s decision-making capability is impaired such that the person lacks the ability to understand the “who, what, where, why or how” of their sexual interaction. Incapacitation may result from: sleep or unconsciousness; involuntary physical restraint; and/or the influence of alcohol, drugs or medication, including Rohypnol, Ketamine, GHB, Burundanga and other substances used to facilitate “date rape” or “sexual misconduct”.

REPORTING SEXUAL MISCONDUCT

Obligations of a “Responsible Employee”: A responsible employee includes any employee, who has the authority to take action to redress sexual violence; who has been given the duty of reporting incidents of sexual violence or any misconduct by students to the Title IX Coordinator or other appropriate University designee. A responsible employee must promptly notify the Title IX Coordinator of any report or complaint of sexual misconduct brought to their attention including campus law enforcement. The Title IX Coordinator works collaboratively with the reporting entity making every effort to operate with discretion and maintain the privacy of the individual involved.

Prompt reporting is encouraged. Persons are encouraged to report sexual misconduct promptly to the Title IX Coordinator in order to maximize the University’s ability to obtain evidence, identify potential witnesses and conduct a thorough, prompt and impartial investigation. No time limits are imposed for the reporting sexual misconduct, however a delay in reporting may result in loss of relevant evidence and witness testimony, thus impairing the University’s ability to respond and take appropriate action.

The University will/is obligated to take appropriate action, including investigation and resolution of complaints within sixty (60) calendar days from when the complaint was filed. The University may extend the time frames set forth in this policy for good cause, with written notice to both parties of the delay and the reason for the delay. Good cause is defined as adequate and substantial grounds or reasons to take a certain action and will be determined on a case by case basis. Exceptions for good cause may include extensions depending on the complexity of the investigation, access to relevant parties, and the severity and extent of the misconduct.

Sexual misconduct by students, faculty, staff and third parties should be reported to: Title IX Coordinator, who has oversight for all institutional responses to sexual misconduct and relationship violence, ensuring University compliance with relationship violence, ensuring University compliance with federal statutory and regulatory requirements, promoting best practices in responding to victims of sexual violence and holding respondents accountable, receiving and investigating reports of sexual misconduct and relationship violence and increasing access to information and available resources to the University community.

Sexual misconduct committed by students may also be reported to the Office of Student Affairs at (410) 951-3933 or the Office of Residence Life at (410) 951-6399.

Reporting a crime. The University will assist complainants who wish to report sexual misconduct to law enforcement authorities, including University police. The Title IX Coordinator and team members are available to assist students in reporting to University police. University police will also assist complainants in notifying other law enforcement officers in the local jurisdiction.
To report to University police, please call 410 951-3900.

The standards for a violation of criminal law are different from the standards for a violation of this policy, criminal investigations and proceedings are not determinative of whether a violation of this policy has occurred. Conduct may violate this policy even if law enforcement agencies decline to prosecute. Complaints of sexual misconduct and related internal University processes may occur prior to, concurrent with, or following criminal proceedings off campus.

Upon receipt of a report of sexual misconduct that may constitute a crime, University police will advise the student that in addition to making a criminal report, they have the right to file a complaint with the University and engage the University’s investigation and adjudicative process under this policy. In addition, as a responsible employee under this policy, University police who receive a report of sexual misconduct, whether it rises to the level of a crime or not, shall promptly notify the Title IX Coordinator at (410)951-3669.

**Concurrent Criminal Action**

Proceeding with a University investigation and adjudication of a complaint of sexual misconduct under this policy is independent of any criminal investigation or proceeding. Reporting to law enforcement does not preclude a person from filing a complaint of sexual misconduct under this policy. The University is required to conduct an investigation in a timely manner, which means the University will not wait until a criminal investigation or proceeding is concluded before conducting its own investigation. However, at the request of law enforcement, the Title IX Coordinator may defer its fact finding until the initial stages of a criminal investigation are completed. If such a request is made, University police will submit the request in writing and the complaint will be notified. In cases where there are concurrent criminal investigations by University police, Baltimore City Police or the State’s Attorney’s Office for Baltimore City, the Title IX Coordinator will work collaboratively and supportively with each respective agency within the parameters described above. Any delays in the investigative process will be communicated to both parties.

Information regarding a sexual misconduct complaint shall not be disclosed to third parties i.e. persons other than those in the University community with a need to know except as required or permitted by federal or state law. To protect the confidentiality of victims and other necessary parties. If a report of sexual misconduct discloses a serious and on-going threat to the University community, the University police shall issue a timely warning of the conduct pursuant to the Clery Act in the interests of the health and safety of the University community. This notice shall not contain personally identifying information related to the complainant.

**The Clery Act and Violence against Women Reauthorization Act of 2013**

In accordance with the Clery Act, institutions of higher education are required to provide current and prospective students and employees, the public and the Department of Education with crime statistics and information about campus crime prevention programs and policies. The Clery Act requirements apply to many crimes other than those addressed by Title IX. For additional information about the Clery Act and its regulations, see [http://www2.ed.gov/policy/highered/reg/hearulemaking/2012/vawa.html](http://www2.ed.gov/policy/highered/reg/hearulemaking/2012/vawa.html).
Role of the Title IX Coordinator

The Title IX Coordinator is responsible for overseeing all Title IX incidents reported to the University and implementation of the policy including but not limited to identifying and addressing any systemic gender based harassment, discrimination and sexual misconduct. The Title IX Coordinator’s responsibilities include but are not limited to:
- Investigation or oversight of investigations of allegations related to Title IX;
- Coordination and oversight of educational programs including mandatory training for new students and employees and awareness campaigns for current students and employees;
- Coordination with local law enforcement on matters related to allegations related to sexual misconduct;
- Coordination and oversight of training for anyone involved in responding to, investigating or adjudicating sexual misconduct;
- and Coordination and oversight of training for employees related to their responsibility when they are aware of sexual misconduct.

The Title IX Coordinator is assisted by a Title IX Team which will include a Title IX Deputy Coordinator, Title IX investigators and representatives from Public Safety, student affairs, the Office of the Provost and Human Resources.

RETAIATION

It is unlawful to retaliate against an individual for the purpose of interfering with any right or privilege secured by these laws. If a student brings concerns to the University’s attention, including publicly opposing sexual violence or filing a sexual violence report or complaint with the University, it is unlawful for the University to retaliate against that person because he/she testified or participated in any manner in the University’s investigation of proceeding. Therefore, if a student, parent, faculty, coach, staff or other individual complains formally or informally about sexual misconduct, the University is prohibited from retaliating (including intimidating, threatening, coercing) or in any way discriminating against the individual because of the individual’s complaint.

The University shall take steps to prevent retaliation against a student who filed a complaint either on his/ her own behalf or on behalf of another student or against those who provided information as witnesses. When the University knows or reasonably should have known of possible retaliation by other students, it must take immediate and appropriate steps to investigate or otherwise determine what occurred. Complaints of retaliation should be reported directly to the Title IX Coordinator.

REQUESTS FOR CONFIDENTIALITY

If a complainant requests that their name not be disclosed or that the University not investigate or take an action against the respondent, the Title IX Coordinator or designee will determine whether or not it can honor such a request while providing a safe and nondiscriminatory environment for all students, faculty and staff, including the complainant. The Title IX Coordinator shall make a determination as to whether the complainant’s request can be honored by considering the following factors: circumstances that suggest there is an increased risk of the respondent committing additional acts of sexual misconduct or other violence; whether the respondent has a documented history of violence known to the University; whether the respondent threatened further sexual misconduct or other violence against the complainant or other that is known to the University; whether the sexual misconduct was committed by
multiple persons; whether the sexual misconduct was perpetrated with a weapon; the age of the complainant subjected to the sexual misconduct and whether the school possesses other means to obtain relevant evidence (e.g. security cameras, or personnel, physical evidence).

CONFIDENTIAL PROTECTIVE INTERIM MEASURES

Reports or complaints of sexual misconduct in violation of this policy may require immediate protective measures to protect the safety and well-being of the parties and/or the community pending the outcome of the investigative and adjudicative processes. Interim protective measure may include the following:

No Contact Order

A no contact order is an official University directive that serves as notice to an individual that they must not have verbal, electronic, written or third-party communications with another individual. A no contact order may also be obtained from the Borgerding District Court of Maryland located 5800 Wabash Avenue, Baltimore, Maryland 21215 or Eastside District Court located 1400 East North Avenue, Baltimore, Maryland 21213. See the Court Commissioner. Violators of a no contact order are subject to arrest and detention.

For Students

Academic accommodations such as assistance in transferring to another section of a lecture or laboratory, assistance in arranging for incompletes, leaves or withdrawal from campus or rearranging class schedules, and Housing accommodations such as facilitating changes in on-campus housing location to alternate housing, assistance in exploring alternative housing off-campus, and Employment accommodations such as arranging for alternate University employment, different work shifts, etc. and Parking and Transportation accommodations. All accommodations are treated confidential and are only subject to CSUPD and Human Resources.

For Employees:

Employment accommodations, both the complainant and the respondent may request a temporary reassignment, if appropriate, to other work duties and responsibilities or other work location, or other work groups/teams or alternative supervision/management. All accommodations are treated confidential and are only subject to CSUPD and Human Resources.

Transportation and Parking accommodation:

Other measures available to the parties also include the availability of counseling, health, mental health services, victim advocacy, legal assistance contained within this policy. Request for interim measures must be made to the Title IX Coordinator.

COMPLAINT PROCEDURES

Complaints against students: Complaints against students based on a violation of this policy will be reviewed also in accordance with the Code of Student Conduct.
Complaints against Staff and Faculty: Complaints against staff and faculty based on a violation of this policy will be reviewed also in accordance with the University System of Maryland Board of Regents Bylaws, Policies and Procedures and CSU Office of Human Resources employee policies.

Complaints against Third Parties: If a member of the University community (student, staff or faculty) is subjected to sexual misconduct by a third party, the matter should be reported to the Title IX Coordinator. For example, the matter may be referred to law enforcement with a request that a formal letter be issued to the third-party denying access to the University’s buildings or grounds for acting in a manner that disrupts or disturbs the normal educational functions of the institution. The University is authorized to deny campus access to a third party engaged in disruptive behaviors under Maryland State law. (See Maryland Annotated Code, Education Article, §§26-101, 102) The University will take appropriate steps to investigate and adjudicate complaints involving third parties to the best of its abilities.

This policy shall be prominently displayed and posted online at the CSU web site located www.coppin.edu. Student and new employee orientations shall include a copy of this policy as well. A copy of the Sexual Misconduct Complaint Form may be found on the CSU web site as well. Additionally, to encourage the accessibility of this policy a brochure will be developed for distribution to the various academic, student and administrative offices.

Investigations and adjudications of reports and complaints of sexual misconduct will proceed under the procedure provided in Appendix A of this policy.

SANCTIONS

All violations of the Sexual Misconduct Policy may result in suspension, dismissal, expulsion and the termination of employment.

AMMENSTY FOR STUDENTS WHO REPORT SEXUAL MISCONDUCT

The University recognizes that a student who is under the influence of alcohol and/or drugs at the time of an incident may be hesitant to report sexual misconduct because of the threat of discipline sanctions for his/her own violation of the Code of Student Conduct. In this context, a student who reports sexual misconduct will not face disciplinary charges under the Code of Student Conduct whether as a complainant or third-party witness.

Steps to Take Following a Sexual Assault

Members of the University community who experience any of the prohibited conduct are urged to immediately seek help. In addition to filing a report with law enforcement and the University, help also includes seeking medical treatment and obtaining confidential counseling and/or crisis response. It is important for individuals who experience any of the prohibited conduct attend to any physical injuries as well as their emotional well-being.

Immediately after any incident, it is important to seek a safe place. When a feeling of safety has been achieved, stay warm. Individuals who are in immediate danger or seriously injured should dial 911. It is important to stay warm by wrapping up in a blanket or coat. This will help recovery from shock and prevent any evidence from being disturbed. Seek medical attention, regardless of the decision to
report the incident to campus law enforcement officials; it is important to take care of your emotional needs. Professional counseling may be beneficial.

Individuals are encouraged to take precautions in order to preserve any evidence that may assist with a criminal prosecution or the University’s investigation and resolution. Valuable evidence can be obtained from the victim and their clothing. Every effort should be taken to save anything that might contain the offender’s DNA. Therefore the victim should not bathe or shower, wash his/her hands, brush his/her teeth, urinate or defecate, change clothes, clean up the crime scene or move anything the offender may have touched.

It is important to seek medical attention immediately. A medical examination will ensure appropriate medical treatment, including testing for pregnancy or sexually transmitted infections. You may also obtain a Sexual Assault Forensic Exam (SAFE). Such an exam allows for the collection of evidence and can ensure any physical evidence is preserved in the event of a report to law enforcement. A SAFE exam may be obtained within 72 hours after an assault. Individuals who experienced sexual violence are encouraged to be examined by a healthcare professional even if they have no visible injuries and do not want a SAFE exam. The University will assist any individual in obtaining medical treatment and if requested a SAFE exam, including arranging transportation to the medical facility or selected SAFE examination location. A listing of medical facilities and contact information for the Forensic Nurse Examiner Program at Mercy Medical Center as found in the Section XI-Resources of this Policy.

**APPEAL OF HEARING DECISION TO THE PRESIDENT**

Either party may request an appeal in writing to the President of the University of a decision rendered by the hearing officer/hearing committee, where a procedural error occurred, unavailable relevant evidence that could significantly impact the outcome of a case or where a sanction is substantially disproportionate to the findings. An appeal must be filed within ten (10) days of the decision of the hearing officer/committee.

APPENDIX A

CONDUCTING AN INVESTIGATION REQUIREMENTS AND PROCEDURES

For the purposes of this document, the term “investigation” refers to the process the University will use to resolve sexual misconduct complaints. This includes the fact-finding investigation and any hearing and decision-making process the University uses to determine: (1) whether or not the conduct occurred and (2) if the conduct occurred, what actions the University will take to end the sexual violence, eliminate the hostile environment and prevent its recurrence, which may include imposing sanctions on the Respondent and providing remedies for the complainant and broader student population.

A. All proceedings will include a prompt, fair and impartial investigation and result. The University will provide the respondent and complainant equitable rights during the investigative process.

B. All complaints of sexual misconduct shall be presented to the Title IX Coordinator for investigation and appropriate disposition.

C. Mediation between the complainant and the respondent is not an appropriate resolution in sexual assault cases.
D. Initiating an investigation:

1. Immediately upon receipt of a complaint, the Title IX Coordinator will communicate with the complainant to determine and implement reasonable interim measures, if necessary. Absent good cause, within three (3) business days of receipt of a report of sexual misconduct the Title IX Coordinator or designee shall attempt to get a written statement from the Complainant that includes information related to the circumstances giving rise to the complaint, dates of the alleged occurrence(s) and names of witnesses if any. The complainant should be encouraged to complete a complaint form and submit a detailed written report of the alleged incident.

2. When the complainant chooses not to provide a written complaint, the Title IX Coordinator or designee will still investigate and take appropriate action.

3. Both before and during the pendency of the investigations, the Title IX Coordinator shall consult with the Complainant and consider what, if any, interim measure may be necessary.

4. Complaints made anonymously or by a third party will be investigated to the same extent possible.

5. After consultation with the University General Counsel, Office of Legal Affairs, if the Title IX Coordinator determines that the complaint contains an allegation of sexual misconduct, the Title IX Coordinator shall follow the procedures set forth in this policy to investigate the allegations made in the complaint.

6. The Title IX Coordinator shall appoint a trained person to investigate the allegations made in the complaint.

7. Only one person shall be identified as the investigator for a complaint.

8. Investigations shall be conducted by officials who do not a conflict of interest or bias for or against the complainant or respondent.

9. The University operates under the Federal Law known as FERPA (Federal Educational Rights and Privacy Act) to safeguard confidential information reported to administrators and their offices. Confidential Title IX reporting includes issues related to dating violence, domestic violence, sexual assault and stalking, investigations and hearing processes that protects the safety of all involved parties while promoting accountability. FERPA guidelines are administered by the Title IX Coordinators, who attend annual training on matters concerning Title IX policy and legislation.

10. If the complainant or respondent believes the assigned investigator has a conflict of interest, that party must submit a written explanation of the reason for the belief to the University’s Provost. The explanation must be submitted within three (3) days business days, absent good cause of the time when the party knew or should have known the facts that would give rise to the alleged conflict of interest. The Provost will determine if the facts warrant the appointment of a different investigator and respond to the party in writing within three (3) business days, absent good cause. The decision of the Provost shall be final on this issue.
E. Components of the Investigation

1. Once the investigator receives the complaint, the investigator shall notify the complaint in writing of his/her rights and request a meeting.

2. The investigator shall also notify the respondent in writing of the complaint and his/her rights and request a meeting with the respondent.

3. The investigator shall notify the complainant and the respondent and all individuals interviewed during the investigation that retaliation is strictly prohibited and may be grounds for disciplinary action. In addition, the investigator shall advise all interviewees that they should contact the investigator immediately if they believe they are being retaliated against.

4. The investigation shall include interviews with both the complainant and respondent, unless either declines an in-person interview.

5. The complainant and respondent shall be provided with the same opportunities to have one advisor of their choice present during an interview, including the opportunity to be accompanied by the advisor of their choice to any related meeting or proceeding.

6. The University will not limit the choice of advisor for either the complainant or respondent; however, the investigator may limit the participation of advisors during the investigation. The advisor’s role is limited to providing advice, and may not speak or provide representation during the investigation.

7. The investigation shall include interviews with relevant witnesses identified by the complainant and respondent or any other potential, relevant witness made known to the investigator via other means.

8. The investigation shall include the gathering and reviewing of any documentary, electronic, physical, or other type of relevant evidence.

9. The investigator is expected to request a list of relevant witnesses and evidence from complainant and respondent and take such into consideration.

The investigator shall not consider any evidence about the complainant’s prior sexual conduct with anyone other than the respondent. Evidence of a prior consensual dating or sexual relationship between the parties by itself does not imply consent or preclude a finding of sexual misconduct.

Outcome of an Investigation and Determination of Appropriate Action

A. Upon completion of the investigation, the investigator shall prepare a written report that includes the allegations made by the complainant, the response of the respondent, corroborating or non-corroborating statements of the witnesses, review of the other evidence obtained, and conclusions that may be drawn from the evidence gathered.
B. It is the responsibility of the investigator to weigh the credibility of all individuals interviewed and to determine the weight to be given to information received during the course of the investigation.

C. The report shall be delivered to the appropriate decision maker.

1. If the respondent is an employee, the decision maker shall be the Vice President of Administration and Finance.

2. If the respondent is a student, the decision maker shall be the Provost and Vice President of Academic Affairs.

D. After review of the report, the decision maker shall make a determination based on a preponderance of the evidence presented as to whether or not a violation of this policy occurred. The preponderance of the evidence refers to the standard of review in a judicial proceeding as related to the burden of proof. It is described as just enough evidence to make it “more likely than not” that the facts the claimant seeks to prove are true.

E. The determination by the decision maker must be reviewed by the University General Counsel before dissemination to the parties.

F. The decision maker’s determination shall be communicated in writing simultaneously to the complainant and respondent, along with notice to the parties of their right to request an institutional hearing on the determination that a policy violation did or did not occur.

**Timeframe for Conducting the Investigation**

A. Every reasonable effort shall be made to conclude the investigation and resolve the complaint within sixty (60) calendar days following receipt of the complaint. Within the sixty (60) day timeframe, absent good cause for an extension or deviation, it is expected that the investigator will conclude the investigation, that the investigator will present a report to the decision maker, and that the investigator will notify the parties in writing of decisions maker’s determination within the sixty (60) days.

B. If the investigator or decision maker determines that additional time is needed, both parties shall be notified in writing of the delay, the anticipated date that the investigation will be concluded, and the reasons for such delay.

C. If either party determines that additional time is needed, that party shall request such in writing to the investigator. The written request for additional time shall include the reasons for the requested delay and the number of additional days needed. The investigator shall make every reasonable effort to respond to the request for additional time within two (2) business days following receipt of the request and shall notify both parties in writing as to whether or not the request is granted.

**Institutional Hearing**

A. Either party may request an institutional hearing on the determination that a policy violation did or did not occur by providing written notice of the request to the investigator within ten (10) business days of receipt of the decision maker’s decision.
B. If a request is not received within ten (10) days, the decision maker’s determination is final.

C. The hearing may be held before either a hearing officer or hearing committee. The President of the University shall determine whether to proceed with a hearing officer or hearing committee and shall appoint individuals to serve in those capacities. The hearing officer and all hearing committee members shall receive, at a minimum, annual training on issues related to domestic violence, dating violence, sexual assault, and stalking, and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.

D. If the complainant or respondent believes the hearing officer or any hearing committee member has a conflict of interest, that party must submit a written explanation of the reason for that belief to the provost. The explanation must be submitted within three (3) business days, absent good cause, of the time when the party knew of or should have known the facts that would give rise to the alleged conflict of interest. The provost will determine if the facts warrant the appointment of a different hearing officer or committee member and respond to the party in writing within three (3) business days, absent good cause. The decision of the provost shall be final.

E. If such a hearing is requested, every reasonable effort shall be made to conclude the hearing and resolve the appeal, including any appeal to the President within sixty (60) days following the University’s receipt of the party’s request for a hearing.

F. The parties to the hearing may not engage in formal discovery.

G. Each party is entitled to have an advisor of choice available; however the advisor may not participate in the proceedings.

H. The University will not limit the choice of advisor for either the complainant or respondent.

I. The complainant and respondent shall be timely notified in writing of all meetings relevant to the proceedings.

J. The hearing officer or committee shall control the procedures of the hearing with due consideration given to the parties’ requests related to procedures.

K. The hearing officer or committee shall use a preponderance of the evidence standard when reaching a decision.

L. Absent good cause, within five (5) business days of the close of evidence, the hearing officer or committee shall issue a written determination as to whether or not a violation of this policy occurred and the justification for this decision.

M. Each party shall be simultaneously notified of the hearing officer or committee’s decision in writing, which shall include notice of their rights to appeal the hearing officer or committee’s decision to the President. Following appeals, notifications in writing of any change to the result of proceedings will be simultaneously provided to both the accuser and the accused.
APPENDIX B TRAINING

All persons involved in handling the University's Sexual Misconduct policy procedures (i.e. Title IX Coordinator, Title IX Team members and others who receive complaints, investigators and adjudicators) must have training or experience in handling sexual misconduct complaints. Biannual training provided should include information on working with and interviewing persons subjected to sexual violence, information on particular types of conduct that would constitute sexual violence, the proper standard of review for sexual misconduct complaints (preponderance of the evidence); information on consent and the role drugs or alcohol can play in the ability to consent; the importance of accountability for individuals found to have committed sexual misconduct; the need for remedial actions for the perpetrator, complainant and university community; how to determine credibility, how to evaluate evidence and weigh it in an impartial manner, how to conduct an investigation and confidentiality; the effects of trauma and cultural awareness training regarding how sexual misconduct may impact students differently depending on their cultural backgrounds. All training provided the Title IX Coordinator and Title IX team members will be documented and the records maintained by the University.

Training Available to All Students, Faculty, and Staff

To ensure that all students, faculty, and staff understand their rights under Title IX, the University shall provide training regarding the Sexual Misconduct policy. The following topics must be covered in the training:

- Title IX and what constitutes sexual misconduct in accordance with the University's policy;
- The University's definition of consent including examples;
- How the University analyzes whether conduct is unwelcomed under Title IX;
- Reporting options, including formal reporting and confidential disclosure options and timeframes for reporting;
- The University's grievance procedures used to process sexual misconduct complaints;
- Disciplinary code provisions relating to sexual misconduct and the consequences of violating those provisions;
- Effects of trauma;
- The role of alcohol and drugs often play in sexual misconduct incidents, including the deliberate use of alcohol and/or other drugs to perpetuate sexual misconduct;
- How to report sexual misconduct to campus or local law enforcement and the ability to pursue law enforcement proceedings simultaneously with a Title IX report or complaint; and
- Title IX's protections against retaliation.

The training should also encourage reporting incidents of Sexual Misconduct by students, faculty, and staff—regardless of whether they are designated as Responsible Employees. The training should also explain that reports do not need to determine whether incidents of sexual misconduct created a hostile environment before reporting the incident.
Also it is important to educate students about the persons on campus to whom they can confidentially report incidents of sexual misconduct. Sexual misconduct training is required of all students and is incorporated in new student orientation. Training is mandatory for all students, faculty, and staff. Training is also provided on campus by the Center for Counseling and Student Development.
