President Anthony L. Jenkins, Ph.D.

November 16, 2020

Dear Eagle Nation:

As we enter the challenging times of a global pandemic, I am pleased to share some campus highlights and things to look forward to:

COVID-19 Updates

Despite the coronavirus pandemic, our scholars continue to work hard to graduate, despite the challenges of a global pandemic. Our latest COVID-19 updates can be found here.

Campus Highlights

I am proud to report the CSU COVID-19 positivity rate has been either 0% or 0.006%. Our collective actions have decreased the spread on campus. However, the COVID-19 virus is surging locally, regionally, nationally, and internationally. Thus, we must remain prudent and continue to follow federal and state protocols related to travel as you make holiday plans.

Challenging Times

Last week, the name of Dr. Jamal Uddin, Professor of Chemistry and Founding Director, Center for Nanotechnology at Coppin State University. Dr. Jamal Uddin passed away unexpectedly and left a void in our community.

Correction:

Challenging times. Our latest COVID-19 updates can be found here. Lastly, thank you for continuing your commitment to keeping our campus safe during these challenging times.

President Anthony L. Jenkins, Ph.D.
