

\* COVID-19 UPDATE \*

April 19, 2021

Dear Coppin Community:

Plans to return more students and employees back to campus continue, and I am pleased with the progress that we are making. Details about our fall 2021 return to campus will be released, soon. Any updates will be posted in the CSU website.

The Community Health Center continues to offer COVID-19 testing, by appointment. Based on available data and other guidance from health experts, the Baltimore City Health Department, and the Maryland Department of Health, the required campus testing frequency is currently twice per month.

**Who is required to test twice per month?**

All **faculty and staff**, including third-party vendor staff, **who report to campus, for any reason**, are required to test, twice per month, **even after being vaccinated**.

All **students who are living in the residence halls** are required to test, twice per month, **even after being vaccinated**.

All **students who report to campus for in-person courses** are required to test, twice per month, **even after being vaccinated**.

Athletic testing will continue according to applicable NCAA requirements.

Students who do not live on campus and those who are not athletes are required to continue submitting test results, **twice per month**, in order to report to campus, for any reason, **even after being vaccinated**.

**Testing Location and Reporting**

All testing can be completed through the CSU Community Health Center. Appointments will continue to be available through online booking or by contacting the health center, directly, at (410-951-4188).

Students should continue to submit any off-campus testing results to the CSU Community Health Center at [healthcenter@coppin.edu](mailto:healthcenter@coppin.edu).

Employees should continue to submit any off-campus testing results to Human Resources at [AskHR@coppin.edu](mailto:AskHR@coppin.edu)

**Upcoming on-campus test dates:****April 29 and April 30****Schedule your appointment for April 29 or 30 testing:**

Questions about Coppin's COVID-19 testing and any other related inquiries should be submitted to [COVID-19@coppin.edu](mailto:COVID-19@coppin.edu).

Our campus continues to see positive cases at a rate that is much lower than the state and the local average. As of April 19, we have three currently active, positive campus cases of coronavirus. While this number is higher than what we have seen in recent weeks, the campus remains safe, and all necessary precautions have been taken to help prevent further spread of COVID-19. Thank you for your continued vigilance and caution.

As of today, the Maryland Department of Health reports 436,659 confirmed cases of COVID-19. The statewide positivity rate is now 5.39 percent, and Maryland has seen 8,387 deaths, related to COVID-19. In the City of Baltimore, there were 49,234 known cumulative positive cases and 899 deaths. The City is in phase 1 restrictions. To view those restrictions, visit: <https://coronavirus.baltimorecity.gov/executiveorders>

As we did not have a Spring Break, this semester, the last day of classes will be May 6. Final exams will be given May 7-13. You can view the entire Spring 2021 Academic Calendar, [here](#).

We are planning to hold limited capacity, in-person 2021 commencement ceremonies, on May 14. The Commencement Committee has developed plans that will allow us to host in-person ceremonies. Details and updates can be found at [www.coppin.edu/commencement](http://www.coppin.edu/commencement).

Students who are living in the residence halls, which will remain capped at 50 percent capacity, will be able to remain in the residence halls, through the end of the semester. Students can reach out to the Office of Residence Life, at 410-951-6766, with any questions.

The safety of our campus remains my top priority, and these changes have been put into place in order to mitigate the spread of COVID-19, as much as possible.

Thank you, again, for your continued efforts to remain safe and responsible, during this pandemic. Let's keep it up and have a safe and healthy spring semester!

As always--Remain Coppin Strong! Masks on!

Sincerely,

**Anthony L. Jenkins, Ph.D.**

President

Coppin State University
