

ADVANCEMENT NEWS

Coppin State University Exceeds Fundraising Goal

Coppin State University set an all-time yearly giving record during the 2012-2013 year by raising \$2,310,727. The results surpassed the 2011-2012 total of \$1,644,122.

“We are very appreciative of the support we received from all our donors,” stated Foundation Board Chairman Reginald Exum. “Our focus now is to do even better in 2013-2014. CSU students will benefit from the generosity of so many loyal Coppin supporters.”

Alumni giving also increased as 7.5 percent of alumni made gifts during the fiscal year compared to 6.5 percent in 2011-2012. “We have established a goal of 10 percent Alumni Participation in 2013-2014,” states Doug Dalzell, vice president of Institutional Advancement. “Our ultimate goal is to lead all public HBCU’s in alumni participation rates. It will take three to five years to get there but I’m confident that with increased outreach programs it will happen.”

Individual giving focused on scholarships while grants and

gifts from corporations and foundations supported new and on-going initiatives of the University.

A significant portion of gifts received goes to support student enrichment programs and scholarships. “I hope to enter Medical School and attain a career in Global Health,” states Nomazwe Ncube, a junior biology major. “A career in biomedical research also still remains a second option. For the summer, I will be interning in Zimbabwe alongside a Johns Hopkins professor aiding her in her research concerning sanitation and its effect on child growth rates, with a special emphasis on related diseases such as cholera.”

Coppin relies heavily on support it receives from alumni and friends.

There’s Strength in Numbers
 coppin state university
 ANNUAL FUND

Giving back strengthens the value of your Coppin degree and shows your confidence in the future of your alma mater.

Gifts of all sizes matter.

A New Class Agent Program at Coppin

So far 28 Coppin alumni have signed on to represent their class in a new initiative known as the Class Agents Program.

Class agents are being sought for every CSU class in order to help improve communication between the University and more than 13,000 alumni. Class agents will be essential to our alumni engagement efforts. Class agents have already begun reaching out to their classmates.

Interested alumni are asked to contact Marcia Cephus at 410-951-3812.

Annual Coppin State University Golf Classic

The Annual Coppin State University Golf Classic continues to be a favorite among participants. This year marked the 11th annual golf event and raised over \$30,000 from 55 sponsors and 117 players. The money will support the Senior Opportunity Scholarship (SOS) Program which

provides financial assistance to undergraduate seniors who demonstrate academic achievement and financial need. We hope you join us in 2014 on Monday, May 19, 2013 at the University of Maryland Golf Course.

Constellation Energy Grant Funds Innovative Research Project

Constellation Energy announced the award of \$50,000 to Coppin State University to fund a cooperative program between the University and Bluford Drew Jemison STEM Academy to research new energy technologies. The grant is part of Constellation's 2012 E² Energy to Educate program that provides funding for innovative student and community research projects.

According to Kenneth Cornew, Constellation Energy president and CEO, "We are proud to sponsor research and education programs that will help prepare a new generation for the energy opportunities and challenges that lie ahead. This year's grant winners highlight the innovation, new ideas and creative approaches that will be essential as we continue to drive toward a sustainable energy future."

Students from both institutions will do research on nanocrystalline solar cells, silicon solar cells, multi-junction solar cells, and nanotechnology. Students will explore how these technologies are developed and applied and what makes them succeed while others fail. Researchers and engineers in the solar technology industry will mentor students as they design projects and explore career opportunities in solar technology.

"We are excited for our students and those of Bluford Drew Jemison," said Dr. Jamal Uddin, assistant professor of Natural Sciences at CSU. "On behalf of both institutions I would like to thank Constellation Energy for this investment in the futures of our students." Dr. Uddin will serve as the principal investigator for the project. He was also the 2012 winner of the University System of Maryland Elkins Professorship.

Citi Foundation Makes \$40,000 Grant to Coppin State University

Coppin State University was awarded \$40,000 by Citi Foundation to fund the CSU Freshman Male Initiative (FMI) and the College of Health Professions Living Learning Community (LLC). The funds will support both efforts as they work to improve CSU retention and graduation rates.

Since 2009, FMI, a mentoring program for first-time freshman male students, paired its participants with matriculating Coppin State University juniors and seniors. LLC is an academic learning and community living program for first-year pre-nursing students.

"We are excited about Citi Foundation's continued support of Coppin State University," states Al Essien, assistant vice president for philanthropy. "These two programs have shown they can positively affect CSU retention and graduation rates. Working with students in their freshman year increases their chances for future success."

Both programs provide first-year students with academic development, personal growth, social and cultural enrichment, study strategies, academic planning, financial aid coaching, financial literacy and career development.

"Citi understands the importance of empowering students with the support and resources they need to complete post-secondary education," said Reginald Exum, vice president for Community Development at Citi. "With funding from the Citi Foundation, these programs will not only ensure that students persist during the crucial period between their first and second years of enrollment, but that they are also equipped with the financial capability and know-how to aid them in the years beyond college."

This is the fifth sizeable grant that Coppin State University has received from Citi Foundation.

2012-2013 Donor Honor Roll

We would like to thank those alumni and friends who have generously given to the Coppin State University Development Foundation, Inc. The donors listed below gave to the Foundation between July 1, 2012 and June 30, 2013. Gifts, large and small, help us to continue to enhance the mission of the University. We are truly grateful to our supporters. We take painstaking measures to ensure that each donor is acknowledged. We sincerely apologize if we have neglected to include your name below or if your name was placed in the incorrect category.

Individual Donors

\$20,000 to \$50,000

Mrs. Luvenia M. Draine
Mr. Robert Draine
Dr. Clayton McNeill
Mrs. Pamela McNeill

Foundation Merit Scholarship Fund Has New Donor

Dr. Clayton McNeill and his wife, Pamela are lifetime members of Coppin's Alumni Association. Dr. McNeill, class of '69, and Pamela, class of '70 were both education majors.

Dr. McNeill served as vice president of student life and executive vice president of administration and finance at Coppin State University. During this time, he established two endowment scholarships—one scholarship is named for him and his wife, and the other is named for his mother and father.

In 2013, Dr. McNeill and his wife once again demonstrated their commitment to Coppin by giving back to their Alma Mater. They committed \$25,000 towards a Merit Scholarship endowment. This gift will be matched by the CSU Development Foundation, thereby establishing a fully funded \$50,000 Merit Scholarship for high achieving incoming freshmen.

It is safe to say that Dr. McNeill will always have a special place in his heart for Coppin. Since his retirement in 2006, he still visits the campus, and he serves on various committees for the alumni. Dr. McNeill attends many of the women's and men's basketball games. Dr. McNeill was one of the first inductees into the CSU Athletic Hall of Fame.

"I love Coppin and I believe in its mission. I want to help Coppin continue to graduate talented young people who are prepared to make a positive difference in this world," said Dr. McNeill. Dr. McNeill is the fourth donor to establish a Foundation Merit Scholarship since the program's inception last October.
